

OH, the things that you can BE,

REALLY guys! Honestly!

A girl
usually
doesn't
want

a guy
who's a
PILL,

"How EVER"

unless he's a
SLEEPING pill
like my slave
named Bill!

A woman with long blonde hair is sitting on a bed with a white sheet, holding a vibrator. She is looking towards the camera. In the foreground, another person is lying on a blue and red plaid blanket on a wooden floor. This person is wearing a black leather hood and a black harness, and their hands are cuffed with metal chains. The room has dark, patterned wallpaper and a black metal bed frame. There are two bedside tables with lamps, one on each side of the bed.

SHIT,
I can't
fall
asleep!

SLAVE!

I can't
fall
asleep!

HELP
me !

Oooh,
YES!

There ARE
exceptions
to that
rule!

AREN'T
there,
Honey?

Yes
Mistress!

YEAH!
