

Beware when your Mistress goes
shopping on line

those femdom websites she visits
have a complete product line

of things that will please her
and fulfill her desires

and help her decide what she
REALLY requires

When A Woman
goes on line
shopping,
God it's HARD
to refuse

to buy all the
things a horny
Woman can USE!

And they
SURE aren't
like YOU,
who comes
too damn
FAST,

ruining her
pleasure but
INSTEAD,
make it
just LAST
and LAST!

Yes, some of
those things
are SO
fantastic,
it's true,

she just may
figure out,
she really
DOESN'T
need YOU

and buy
something
for HER and

"Something For Sue!"

I don't
need a
MAN

when MY
horniness
calls

I just
need him
to COOK

clean
and IRON

A woman with long dark hair in a ponytail is sitting on a dark rug on a wooden floor. She is wearing a white collared shirt and a red and white plaid tie. She is unclothed from the waist down. A large, realistic-looking dildo is inserted into her vagina. In the background, there is a white sofa with floral pillows, a wooden side table with a pink pot containing a green plant, and a large colorful abstract painting on the wall. The text "wash my FLOORS and my WALLS!" is overlaid on the left side of the image.

wash my
FLOORS
and my
WALLS!

No, I do
NOT need
a MAN

when MY
horniness
calls

So Sue,
you may
use YOUR
toy and

OH MY GOD
MISTRESS!
DON'T LET
HER CUT OFF
MY BALLS!

OH GOD
NOOOOOOOOOO
OOOOOOOOO!

Nooooooooooooo
ooooooooooooo !

Ooooooh
YES!

YES!

And
though
this story
isn't TRUE
I still
HOPE,

it makes
you cross
your legs
and go
"OUCH!" ,

and
remember
your
Mistress
has OTHER
needs

besides
you
keeping
her HOUSE!

Doesn't
she?
