

I paint and file her nails, brush
her hair, clean the kitchen

iron her clothes clean the bathroom
without any bitching

And I'm trained to obey and to
always behave

the way she says I'm supposed to
as her personal slave

EVERY night I
strip naked and
get on my knees

these balls tied
tight in a ribbon as
a GIFT to Mistress
Terese

who for the rest of
my life will be the
OWNER of these!

And from that second
on I'm **TOTALLY** under
her power

and my servitude
begins with her

"Taking A Shower"

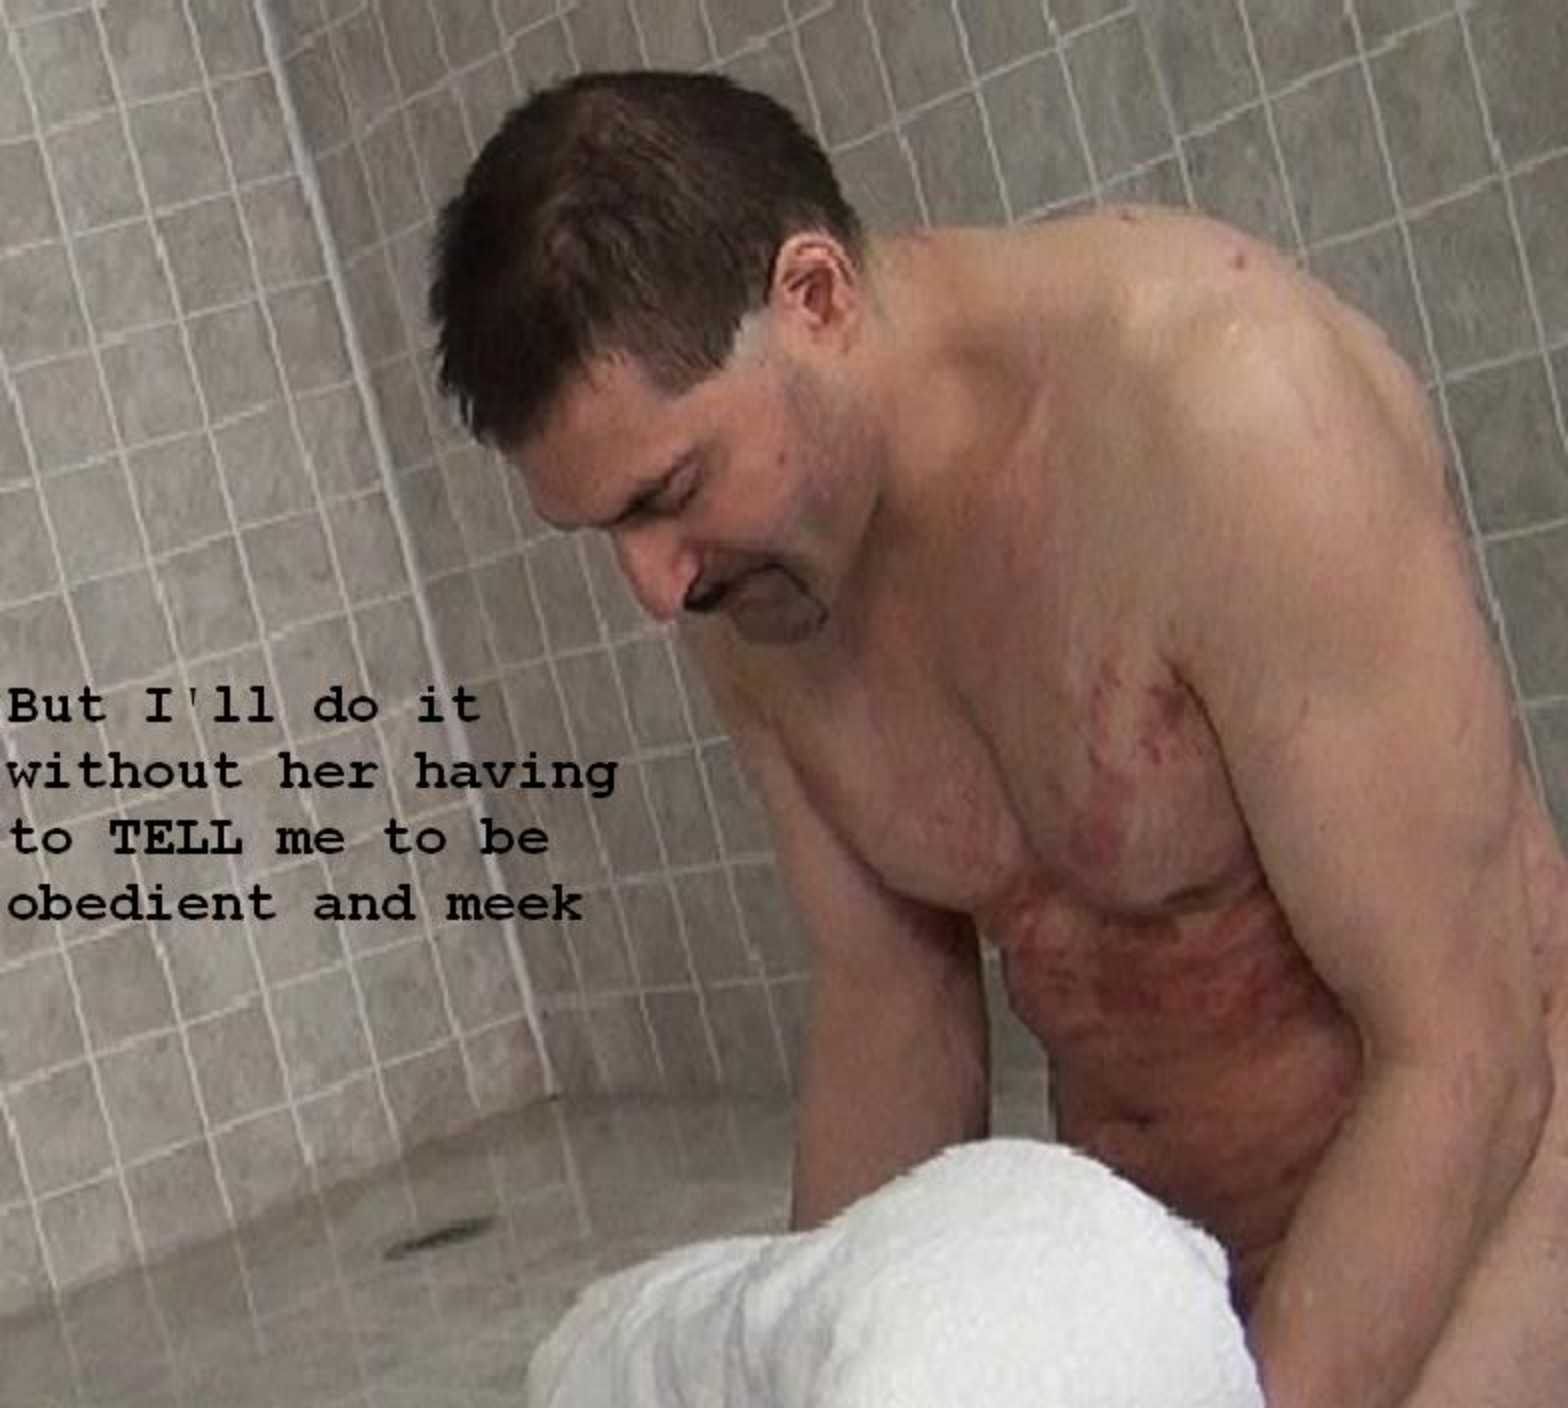

And the END
of my servitude
is when she says
"Good night!"

and I go to bed
horny as HELL
as she shuts
off the light!

But I'll do it
without her having
to TELL me to be
obedient and meek

so she allows
me the PRIVELEGE
of coming

for her one
time each week!
