

God I gotta quit smoking!
My doctor tells me I should

but there are times when that
cigarette tastes SO damned good!

So Girls, take a few minutes and
read this story with me

and if you've ever BEEN there
I'm sure you'll agree!

Once upon a
time my new
slave boy
Steven

made SURE
that I had
a VERY

"Relaxing Evening!"

Take my wine slave, I'm in the mood to have
something ELSE kissed and worshipped now!

A man is kneeling on the floor, massaging the foot of a woman who is sitting in a black office chair. The woman is holding a glass of beer in her right hand and has her legs crossed. She is wearing a patterned top and shorts. The man is shirtless and looking at her foot. The background shows a dark cabinet with a television and some decorative items.

**YES
MISTRESS!**

Now get busy with your
mouth and your
tongue slave,

and use it for something
BESIDES saying
"Yes Mistress!"
to me!

**YES
MISTRESS!**

And he kissed
and worshipped
for HOURS the
way he knows
that he SHOULD

and I CAME and
I CAME,
GOD it felt SO
fucking GOOD!
