

You plead and beg her every day

and pray she'll put that whip  
away

but if she should

to your DISMAY

she'll discipline ANOTHER way!

Not EVERY  
woman is  
so quick

to discipline  
you with  
her WHIP

but they'll  
still make  
sure that  
you obey

they' ll  
just  
do it

**"ANOTHER Way"**

A woman with blonde hair, wearing a white button-down shirt and a black skirt, is seated on a high-backed, ornate wooden chair with red upholstery. She is holding a pair of glasses in her hands. In the foreground, the back and torso of a man are visible; he is wearing a striped waistband and has a tattoo on his upper back. The setting appears to be a workshop or a rustic room with stone walls. To the right, there is a wooden workbench with various tools and a bucket. The lighting is warm and focused on the woman.

A close-up portrait of Taylor Swift. She has long, straight blonde hair styled in two pigtails with pink satin bows. She also has straight blonde bangs. She is looking directly at the camera with a slight, enigmatic smile. Her hands are visible, holding the ends of her pigtails. The background is softly blurred, showing hints of green foliage on the left and warm, vertical wooden panels on the right.
