

Before you go saying you'd
rather be dead

that be in a relationship that's
"Female led"

in which the Woman is dominant
and always in charge,

read this little story about
Billy and Marge!

I don't know
about YOU

but it sure
looks to ME

that they're
happily fulfilling

"Each Others Needs"

"Thank You
for letting
me come
this week
Mistress!"

Even though you had
to do it YOURSELF on
your KNEES again?

"Yes
Mistress!"

"Thank you for
the PRIVELEGE,
Mistress!"

You're welcome Honey,
and Thank YOU for
obeying me all week
and EARNING the
privelege again!

"You're
welcome,
Mistress!"

"Mistress?"

WHAT,
Honey?

"Is this the
way it's
ALWAYS going
to be from
now on?"

Yes
it IS,
Honey!

"Thank You
Mistress!"

A photograph of a man and a woman in a bathroom. The woman is sitting on a black plastic chair, wearing a white lace tank top and white underwear. She has blonde hair and is looking down at the man. The man is kneeling on the floor, facing the woman, and is shirtless. He is holding the woman's hand and looking up at her. The background is a light blue tiled wall. There is a small white shelf on the wall with some items on it. The floor is light blue tiled. The overall tone of the image is intimate and romantic.

You're
welcome,
Honey!

The End

And so that's
the story

of Billy
and Marge,

and what a
relationship's
like

when the
WOMAN'S
in charge!

Now be a
good boy

and get down
on your knees

and get
used to
saying

"Yes
Mistress"
to ME!

OK?
