

She'll get a good idea about
the person you may be
by asking just ONE question
after you've read this story.

Excuse me
boys,

AND
Girls,

"I Have A Question"

Does it make you get all
horny
just watching
this poor
guy

as his
patric
Mistress
marches in

and stares
him in
the eye

and says
"Oh slave,
you didn't
clean

my Goddamn
kitchen
RIGHT"

"I'm gonna
whip your
useless
ass

with my
big black
belt
tonight!"

And do you STILL stay
rather horny,

Hey it's NO
disgrace,

as you watch
her grab him
by his hair

and proceed
to slap his
face?

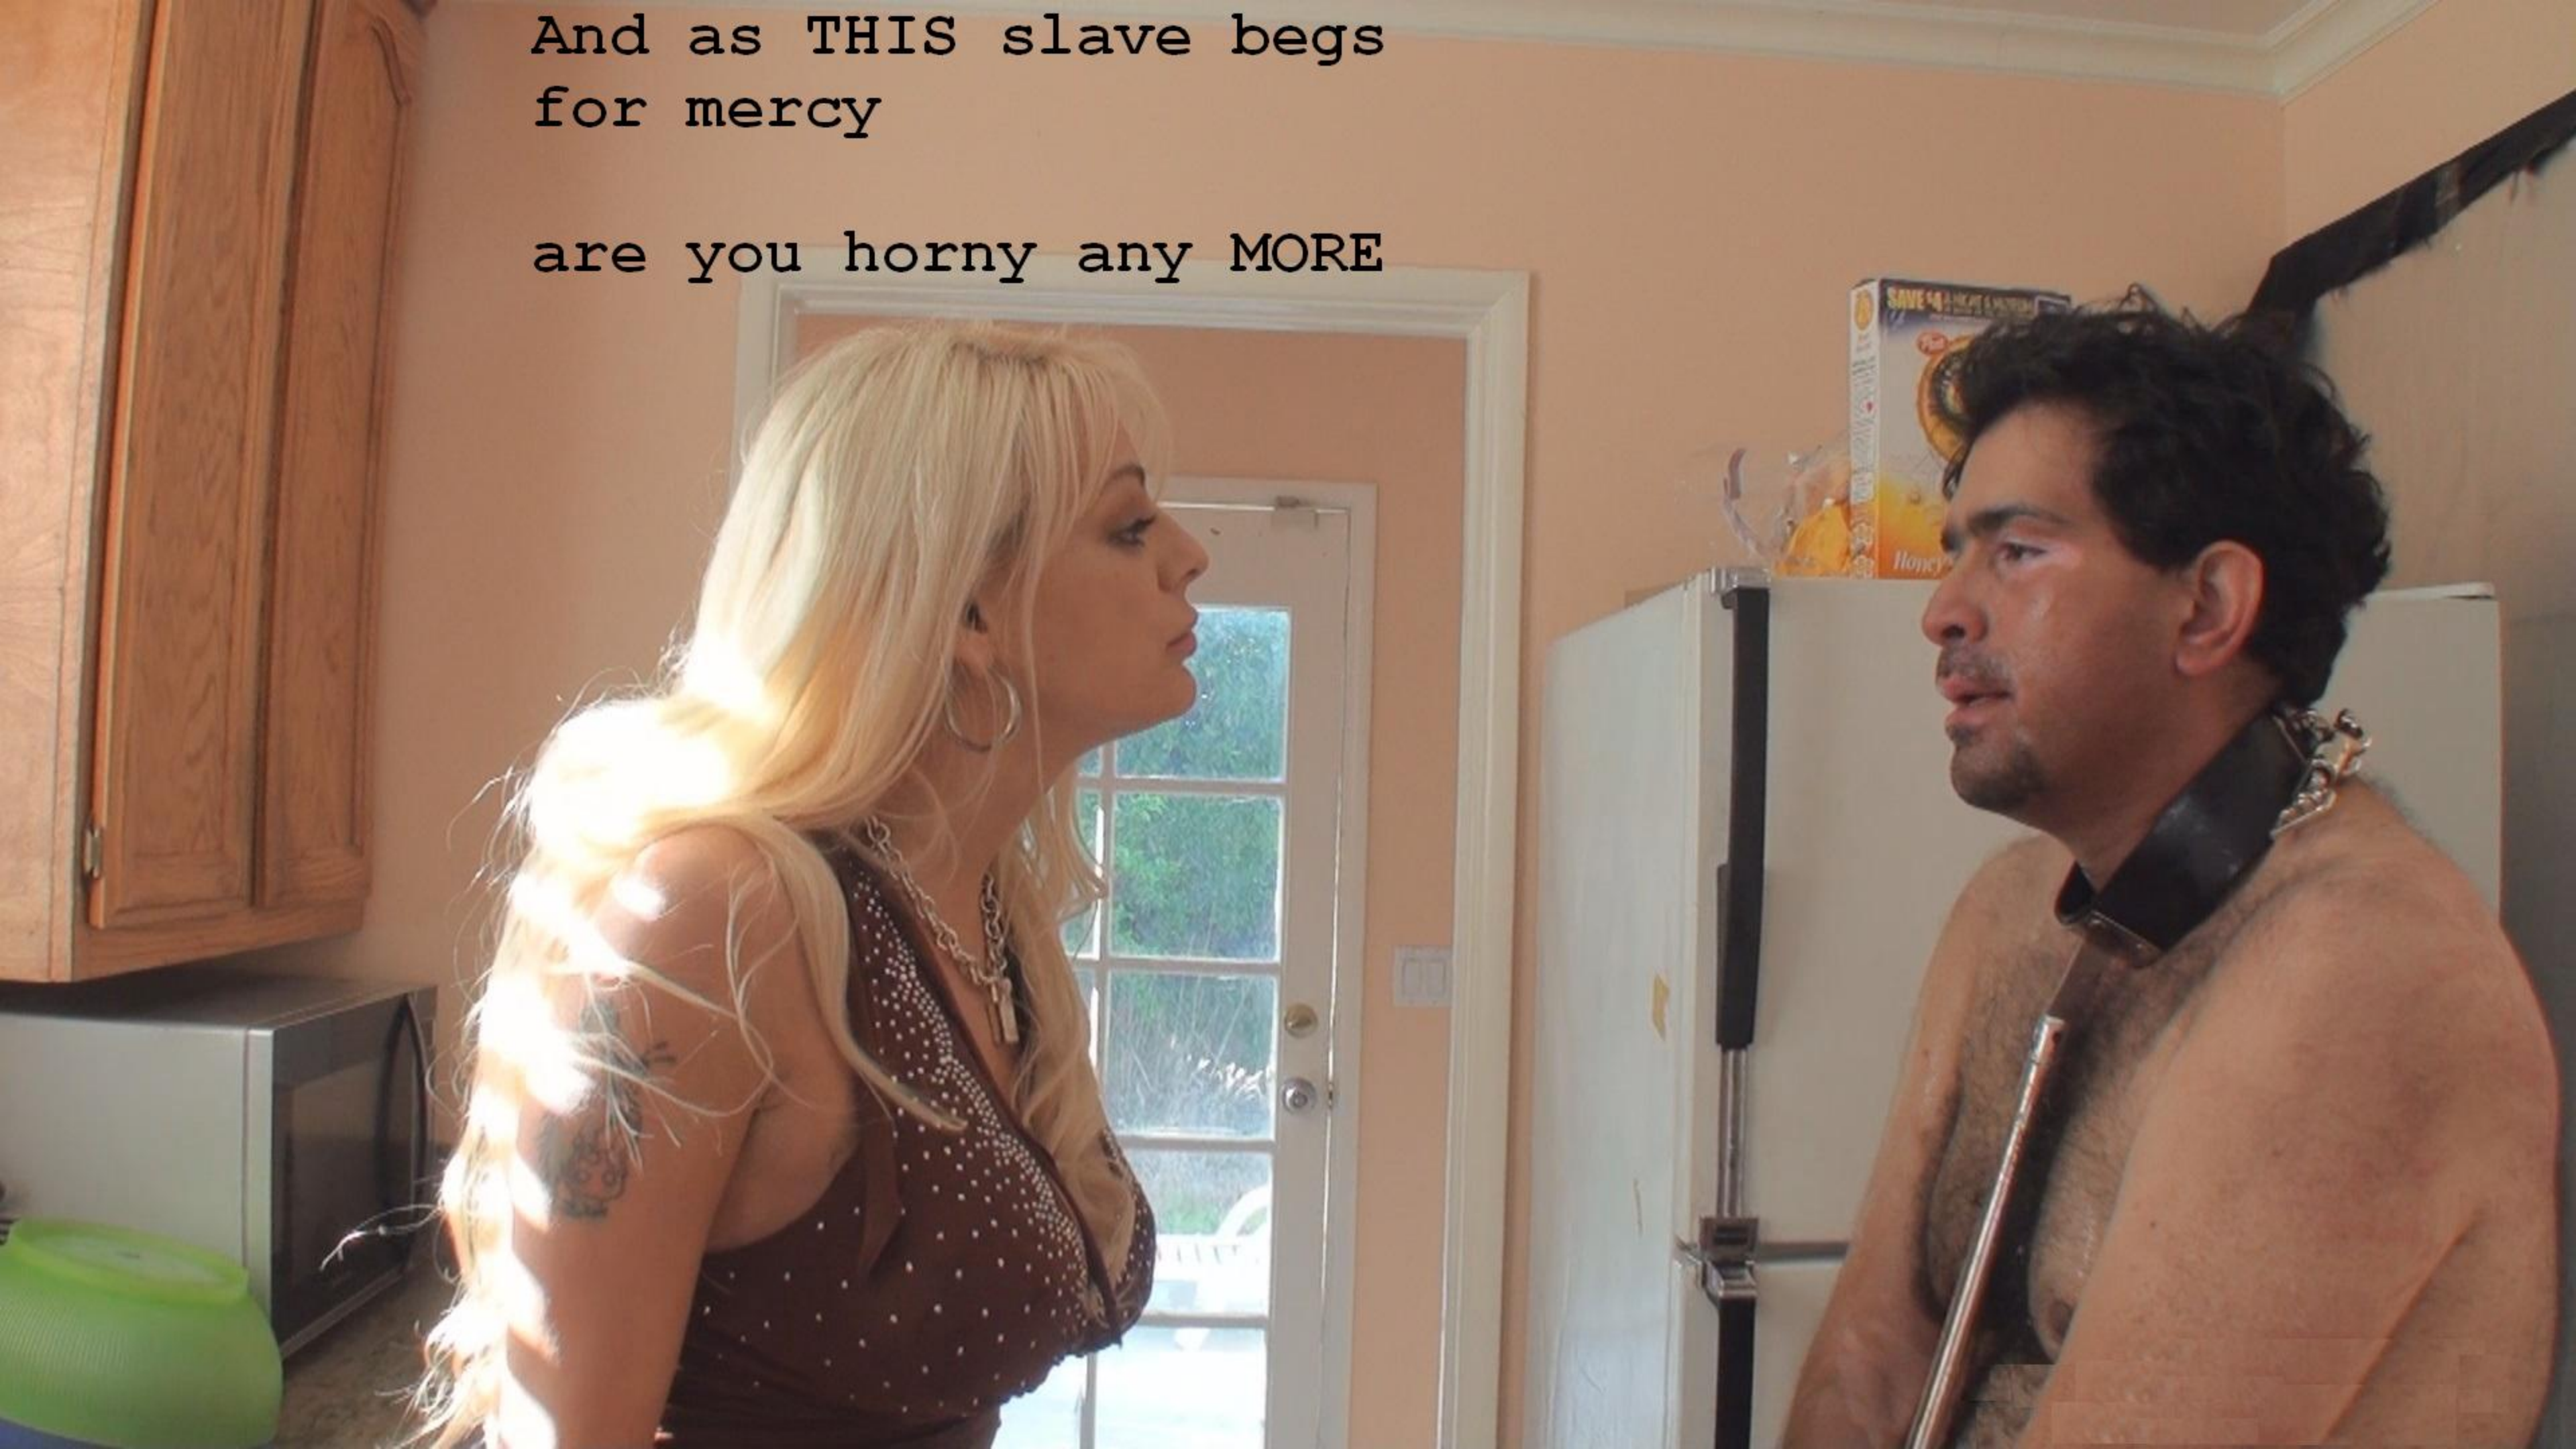

And as THIS slave begs
for mercy

are you horny any MORE

watching Mistress
Darlenes slave
grovel on the floor?

And doe's it make you
horny

when Darlene
lets her
slave
choose,

whether he wants
ANOTHER whipping

or to
kiss her
feet and
shoes?

And do you get even
HORNIER

when you think what
will occur

when he follows Darlene
to her room

and he spends all
DAY with her?

Follow me to my
room, slave!

"YES
MISTRESS!"

The End

Well?

DO
You?
