

Oh yes we SUFFER we certainly do
this story's short but NOT sweet
and GOD is it true!

This is a story
about SEX

and how when I'M in the mood
and I ALLOW it to occur

it's never about
MY sexual pleasure

"It's ALL About HER!"

The End

A person is shown from the back, wearing a black fishnet bodysuit with a large, cylindrical metal collar around their waist. Their legs are spread wide, and they are wearing black fishnet stockings with a lace top band. The background is a dimly lit room with a television and a lamp visible.

And I'm living VERY
happily ever after!
