

Sometimes the joy in my soul makes
me just want to shout

and show everyone what Fem dom is
REALLY about

It's about WORSHIPPING
your Mistress,
like the slave in
this fable

and his Mistress
who loves her
slave doing THIS
under the table!

He obeys, serves, and worships me

and I OWN him! He's MINE!

And this is making me SO very WET

and feels so unbelievably FINE

that when I'm all finished

"Sipping This Glass Of Wine"

I want him
to do THIS

for a VERY
long time!

The End

and they lived
happily ever
after in a
lifetime of
bliss!

DIDN'T
they
slave?

A woman with blonde hair, wearing a white short-sleeved shirt, fishnet stockings, and black high-heeled sandals with silver buckles, is sitting on a light-colored sofa. A man with short brown hair, wearing a black latex harness, is kneeling on a patterned rug, leaning forward and kissing the woman's right foot. The background consists of a gold-colored patterned curtain.

Oh God
YES Mistress!
