

Beware when your Mistress goes  
shopping on line

those femdom websites she visits  
have a complete product line

of things that will please her  
and fulfill her desires

and help her decide what she  
REALLY requires

When A Woman  
goes on line  
shopping,  
God it's HARD  
to refuse

to buy all the  
things a horny  
Woman can USE!

And they  
SURE aren't  
like YOU,  
who comes  
too damn  
FAST,

ruining her  
pleasure but  
INSTEAD,  
make it  
just LAST  
and LAST!

Yes, some of  
those things  
are SO  
fantastic,  
it's true,

she just may  
figure out,  
she really  
DOESN'T  
need YOU

and buy  
something  
for HER and

**"Something For Sue!"**

when MY  
horniness  
calls

I just  
need him  
to COOK

clean  
and IRON

wash my  
FLOORS  
and my  
WALLS!

No, I do  
NOT need  
a MAN

when MY  
horniness  
calls.

So Sue,  
you may  
use YOUR  
toy and

OH MY GOD  
MISTRESS!  
DON'T LET  
HER CUT OFF  
MY BALLS!

OH GOD  
NOOOOOOOOOO  
OOOOOOOOO !

NOOOOOOOOOOOO  
OOOOOOOOOOO!

Ooooooh  
YES!

YES!

**The End**

And  
though  
this story  
isn't TRUE  
I still  
HOPE,

it makes  
you cross  
your legs  
and go  
"OUCH!" ,

and  
remember  
your  
Mistress  
has OTHER  
needs

besides  
you  
keeping  
her HOUSE!

Doesn't  
she?
