

For some dominant women, the key to great sex

Is kept on a necklace which hangs on their necks.

They'll lock their slaves up for a week or a season

And leave them that way to give them a reason

to pleasure their Mistress every which way

for as long as she wants him to each night and each day.

There's been a  
TON of articles  
written in the  
so called  
"Women's"
