

Ooooooooooh YES, it's TRUE, it REALLY
occurs, YES it do,

when the control of not only the
WHEN but the HOW is hers TOO!

There once
was a
submissive
man whose
Wife/Mistress
kept him
obedient
and meek

by allowing
him to cum
only ONE
time each
week!

And when she
finally
ALLOWED him
to cum on
that special
ONCE a week
day,

it was always
HER, his Wife
and his
MISTRESS

"Who Decided The Way!"

One week she made
me cum by jerking
off in front of
her Girlfriend
Maxine,

10/10/10
10/10/10
10/10/10

and another week
it was with her
Fem dom clubs
"milking"
machine.

and then there
was the week I had to
cum THIS way for her Girlfriends
Sharon and Grace,

but the worst
of all SO far
of his weekly
disgrace
was having

Beth!

Sue!

Carol

Ann!

A woman in a dark bikini is sitting on the back of a man who is lying on his stomach in a pool. She is holding his penis with both hands. The man's head is in the water, and his arms are resting on the pool's edge. The scene is set in a pool with a dark metal railing in the foreground.

WATCH
as I came
all OVER
my face!

But despite
ALL his
humiliations
and ALL his
disgrace,

he got on
his knees
EVERY week
and said

A woman with long blonde hair, wearing a white sleeveless dress, is seated in a dark leather chair. She is holding a small, dark-colored animal, possibly a cat or a dog, in her lap. The background consists of a brown sofa with several cushions. The lighting is soft and indoor.
