submissive man

who begged "Please make me come

And Mistress
jerked her

until she had

A close-up, low-angle shot of a person crawling on a highly reflective, polished floor. The person's face is in the foreground, looking down, with their hands and arms visible as they move forward. The floor reflects the person and the surrounding environment, creating a distorted, wavy reflection. In the background, another person's legs and feet in high-heeled sandals are visible, suggesting a social or public setting. The overall tone is intimate and perhaps humiliating or submissive.

"YES
MISTRESS!"

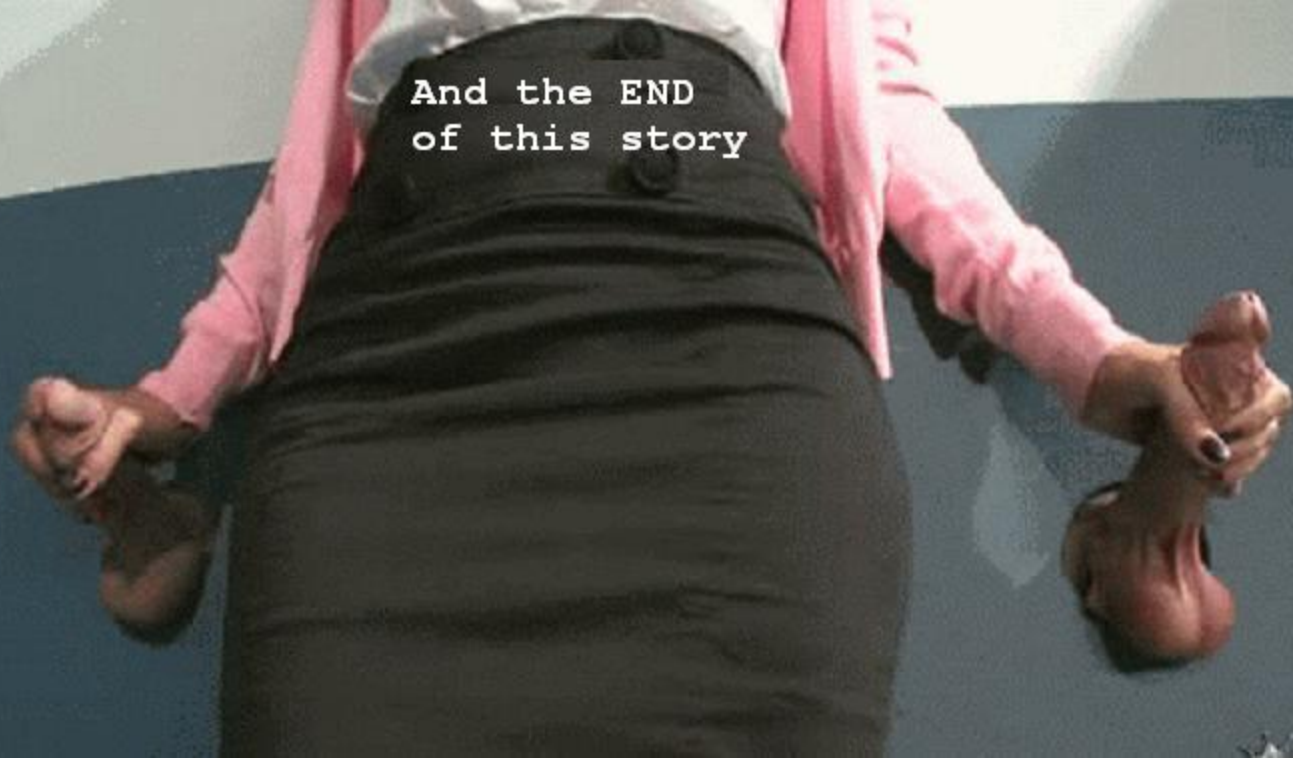

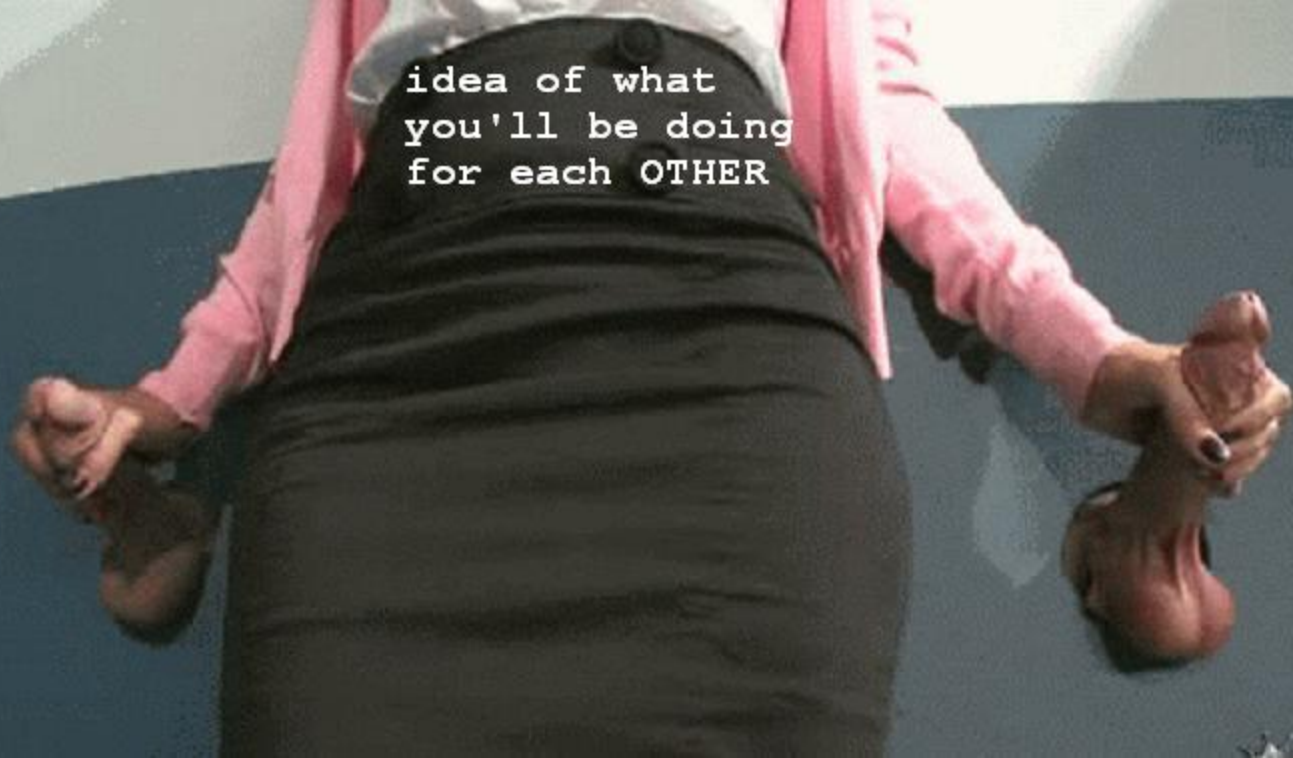

And the END
of this story

may make YOU
guys have some

idea of what
you'll be doing
for each OTHER

when YOU
finally come!
