

They say we all have some place  
where we'd rather be  
and some of US have no doubts  
where WE want to be!

People ask me,  
"Wouldn't YOU  
rather be

"in a  
relationship  
where

"you aren't  
down on  
your knees"

"leaving YOUR needs  
and desires marooned  
on the shelf,"

"wouldn't you  
MUCH rather BE

**"Somewhere ELSE?"**

"There is  
nowhere  
else I'D  
rather be

when I'm  
with a  
Woman

than here  
on my  
knees,

waiting to  
pleasure  
her

PASSIONATELY,

no there's  
NO other  
place

where I'D  
rather be!

This is the end  
of the story  
and it  
**DEFINITELY**  
elicits my  
reply

A man is kneeling on a wooden floor, facing right. He is wearing a black collar around his neck. He is covered by a red blanket with a black pattern of circles and lines. The background is a plain white wall.

that there's  
no OTHER place

for a  
submissive  
guy!

IS  
there?
