

The first time she made him
he argued and sassed
till she told him this story
about her Girlhood now past

I TOLD you to wash the
fucking FLOOR slave!

A photograph of a man kneeling on a tiled floor, leaning forward with his head down. A white bucket is placed on the floor in front of him. In the background, a woman with blonde hair, wearing a black dress, sits on a patterned sofa, holding a lit cigarette. The room has reddish-brown walls and a decorative border near the ceiling.

But it's
humiliating
and demeaning
Mistress!

SLAVE, let me tell
you about MY life!

I grew up in a house
where dad was Moms SLAVE

and I'd WATCH as my Mom
taught her SLAVE to behave

and clean her house
without giving her

no arguments, excuses,
no sass or no guff

by telling my dad
more than ONCE

"Keep It UP!"

I don't want the damn
thing to get in the way

of my belt on the balls
I'll be whipping ALL day!

Or I'll whip even **HARDER!**

**OH GOD YES
MISTRESS MAY!**

Good BOY!

when you're done in here you can
do the bathroom floor NEXT!

**YES
MISTRESS!**
