

Once upon a time in a Female ruled
house

a dominant Woman got her VERY
submissive mouse spouse

ready the way she loves BEST when
SHE wants to have FUN

and said

"NOW you may start"

"To PLEASURE Me, Hon!"

Now use your
mouth and
your tongue
and make me
CUM CUM and
CUM!

**And she lived VERY
happily ever after
in a marriage of
sexual BLISS**

with her slave/husband
she let cum ONCE a month
and ALWAYS had to cum

on my
KNEES
doing
THIS!

**And HE lived very
happily ever after
TOO!**

Didn't he?
