

The Mystic Owl Apothecary
Essential Oil Profile Sheet

Clove Leaf Essential Oil

Botanical Name: *Syzygium aromaticum* L.

Plant Part: Leaves

Extraction Method: Steam Distilled

Origin: Indonesia

Color: Clear yellow to dark brown liquid

Consistency: Thin

Note: Top to middle

Strength of Aroma: Medium

Aromatic Scent: Clove Leaf Oil has the characteristic Clove smell, only it is much sharper than Clove Bud with woody tones.

Blends With: Basil, Bergamot, Cinnamon Bark, Nutmeg, Grapefruit, Lemon, Orange, Peppermint, Rosemary, Rose, Lavender, Clary Sage and Ylang-ylang.

Common Uses:

Antispasmodic, carminative, disinfectant, eliminating bad breath, antioxidant, circulation/cardiovascular health, soothing teeth and gums, oral health, immune system support

Cautions:

Clove Leaf Oil can cause sensitization in some individuals and should be used in dilution. It should also be avoided during pregnancy.

Never ingest or use an essential oil undiluted unless advised by your health care provider or certified aromatherapist. Keep essential oils away from infants, children, and all pets.
