

Tangerine Essential Oil

Botanical Name: Citrus reticulata blanco var tangerina

Plant Part: Fruit Peel

Origin: Italy

Processing Method: Cold Pressed

Color: Pale yellow to golden yellow

Consistency: Thin

Note: Middle/Top

Strength of Aroma: Medium

Aromatic Scent: Tangerine Essential Oil has the typical citrus scent - fresh, radiant, and tangy sweet. With only subtle differences, it smells a lot like the Mandarin, with some even considering them identical. In comparison to Sweet Orange, Tangerine can be seen as lighter with more candy-like tones.

Blends With: Basil ct linalool, Bergamot, Black Pepper, Caraway, Cardamom, Carrot Seed, Chamomile, Clary Sage, Clove, Fennel, Frankincense, Geranium, Grapefruit, Helichrysum, Jasmine, Juniper, Lavender, Lemon, Lime, Marjoram, Neroli, Orange, Patchouli, Petitgrain, Rose, Rosemary, Sandalwood, Ylang Ylang.

Common Uses:

Stress-induced insomnia, nervous exhaustion, mild muscular spasm, cellulite, digestive problems, detoxification, flatulence, constipation, bodily congestion, fatigue, irritability, poor sports, anxiety.

Cautions:

No special cautions indicated. Tisserand and Young confirm that Tangerine Oil is not phototoxic.

Never ingest or use an essential oil undiluted unless advised by your health care provider or certified aromatherapist. Keep essential oils away from infants, children, and all pets.
