

### Orange (Wild/Blood) Essential Oil

Botanical Name: Citrus sinensis

Plant Part: Fruit Peel

Origin: Italy

Processing Method: Cold Pressed

Color: Oily reddish-orange to orange liquid.

Consistency: Light

Note: Middle to top

Strength of Aroma: Medium to Strong

Aromatic Scent: Blood Orange essential oil has a warm, fresh citrus scent, radiant, fruity and tangy. Similar to Sweet Orange Essential Oil, however Blood Orange Oil is slightly tarter and has a more complex aroma

Blends well with: Lavender, Lemon, Lime, Grapefruit, Clary Sage, Frankincense, Cedarwood, Myrrh and Nutmeg,. Blends well with mints and with worm, spicy oils like Clove Bud & Cinnamon Bark.

Common uses:

As blood oranges are considered a variety of sweet orange, it's properties and uses are similar. Antidepressant, antiseptic, antispasmodic, aphrodisiac, carminative, cordial, deodorant, digestive, stimulant (nervous) and tonic (cardiac, circulatory). It has also been applied to combat colds, constipation, dull skin, flatulence, the flu, gums, slow digestion, and stress.

Cautions:

Tisserand and Young do not indicate any special precautions when using Wild/Blood Orange Essential Oil. Essential oils obtained from Citrus sinensis do not contain any compounds responsible for photosensitization.

Never ingest or use an essential oil undiluted unless advised by your health care provider or certified aromatherapist. Keep essential oils away from infants, children, and all pets.
