

# Election Integrity Newsletter

A Committee of the Penridge Area Republican Club - Where Patriots Take Action!

## What We Can Do...

The committee is focusing on things we can do within Bucks County.

We talked about ERIC in previous newsletters. This is a George Soros funded voter roll system that needs to be abolished. If you agree, please call the Secretary of State, Al Schmidt at 717-787-6458 and ask him to abolish ERIC from Pennsylvania.

## Election Integrity Caucus

“I have launched the House Election Integrity Caucus in Congress to serve as a platform for Members of Congress to come together and proactively educate and inform the American people about issues related to election security and activity, drive commonsense policy solutions to restore faith in the democratic process, and improve the administration of elections. Our goal is to ensure that Americans in every state and territory have confidence in free, fair, accurate, and transparent elections.”

This quote is from Claudia Tenney, Congresswoman from NY. There are three PA Congressmen on this committee. We will continue to monitor [THIS SITE](#) for further developments.

## Reaching Out

The Election Integrity Committee plans to reach out to Jarrett Coleman to request any information or ideas for how we can help with assuring fair elections in PA.

If interested, you can sign-up for his e-newsletter [HERE](#).

The committee is also researching [PAfairelections.com](#) to access as many resources as possible for election transparency.

## Flipping the Narrative

Sometimes it's good to take a theme and flip it. Like the pro life movement did with, "life, what a beautiful choice."

This an example of a "Fire Starter". If we flip the narrative, hopefully conversation can be productive.
