A Committee of the Penridge Area Republican Club - Where Patriots Take Action!

The finish line is in our sights...

As we are just over a week away from the election, our club community has been working diligently to get out the vote. We have been door knocking, phone banking, registering voters and filling the polling places with poll workers, watchers and greeters! This is what a real action club does.

As a committee, this has been the focus of our short term action plan. But this is not where it ends. Since its inception, we have had a long range game plan that has been ongoing and will continue. With our diverse group of professionals, we have a great deal of talent that is uncovering, layer by layer, the flaws in our elections. After the success of our first meeting with Bucks County officials and leaders (see Issue 7), we continue to collect facts, not theories, to present to them at a future meeting. We are not done when this election is over – it is just the beginning.

To those of you who are volunteering/working at the polls on November 8th, we collectively say THANK YOU! It's a long day of keeping our passion under control while dealing with voters with passion of their own. Please, just keep your eyes and ears open to everything that is going on around you. You have all received training and will be a huge asset towards protecting the integrity of the election. If you experience anything unusual, even if you have already reported it, we would greatly appreciate your feedback so that we can uncover facts to bring to our officials. Again, thank you to ALL as we believe that everyone has done something to contribute to the cause. Let the **RED WAVE** roll!

A Prayer for Election Day: Holy Father, Thank you for the opportunity to have a voice in the way my government runs. I praise you for the vote that I have. During this time of debate, diffusion, and decision-making, please have Your sovereign hand over this country. Please keep our country healthy during this season. Give us the peace that passes understanding about the vote, and the outcome. Your Word says that You change the times and the seasons, so You are in control of this phase in our nation’s history. I ask for the season to not be volatile, and that our nation would see You in it. In Jesus’ name I pray, Amen.
