*“Freedom is never more than one generation away from extinction. We didn’t pass it on to our children in the bloodstream. The only way they can inherit the freedom we have known is if we fight for it, protect it, defend it, and then hand it to them with the well fought lessons of how they in their lifetime must do the same. And if you and I don’t do this, then you and I may well spend our sunset years telling our children and our children’s children what it once was like in America when men were free.” – Ronald Reagan, 1961*

## A Tribute to Real Heroes

To all true American Patriots,

Our, Constitution and our FREEDOM's are under attack; not from an enemy abroad but from within.

In order to fight back we must first reflect on the past victories abroad and the sacrifices paid. We need to understand truly what "ALL gave some...and some gave ALL" means. We need to pick up where they left off.

I'm speaking specifically of those from WWII where my Father served and Viet Nam where I served and all other military personnel, veterans and the thousands of fallen soldiers resting in peace in cemeteries around the world. Most of us were only teenagers when we agreed to "Federal Statute 10 CFR 502" and accepted the oath of enlistment. We did this to preserve and defend the Constitution of the UNITED STATES of AMERICA , and our GOD given FREEDOMS vested therein.

My Father was wounded in the battle of Saint Lo France and received a purple heart medal. He never spoke about the war nor did he say anything about his medal because his mental trauma was too great. We only found out about the medal when we were consolidating his things after his funeral.

I on the other hand was there but was not wounded and feel a bit guilty and blessed. I also felt angry and disrespected by some people when I came home. We were called baby killers and spit on. Told, after being Honorably Discharged, NOT to wear the uniform. I have since felt better of myself, but now, angry because of those individuals that seek to destroy the very fabric of our great nation that as I said, military personnel, veterans and fallen soldiers have served to preserve and protect.

## Take Action

involved.**

"Let's not become discouraged in doing good, for in due time we will reap, if we do not become weary." (Galatians 6:9)

Now it's our turn to take an oath. We must unite. We must get involved in ACTION activities to cleanse our government where the enemy is within. "We the people..." must re-ignite "ALL gave some..some GAVE ALL" in our hearts. Our ammunition is not bullets but voting in person with photo ID's, proof of AMERICAN citizenship, and cleaning up elections. We must work to defeat the deep state which undermines our Constitution and FREEDOM's. We must work to have congress pull back their overreach of the Constitution.

In closing, I leave you with some AMMO; sites that can inspire you and further provide knowledge and TRUE history, for the heart, young and old. Children need to know from parents laptops (laps) these truths rather than CRT, DEI and all that UN-American propaganda.

Please take a few minutes to listen to Ronald Reagan's Star Spangled Banner As You've Never Heard It; Red Skelton's Pledge of Allegiance; Ronan Tynan Mansions of the Lord.
