## **Statement by Donald J. Trump, 45th President of the United States of America**

A very strong Bill by great State Senator Doug Mastriano (hopefully the next Governor of the Commonwealth) just passed in the Pennsylvania House and Senate, The Poll Watcher Empowerment Act, which will bring transparency back to the election process and make sure there is no counting in back rooms, such as in Philadelphia, where they cheat, cheat, cheat! This, and other Election Integrity measures like banning drop boxes, no private funding, Voter ID, and same day voting with paper ballots, should be tied to the State Budget. Republicans must get tough and smart if they want to win (easily) Pennsylvania!
