

Deep Dive #11: Jeffery Epstein, The Pentagon & President Putin's War, the common denominator is Pedophiles

When Putin began his "Special Operations", he clearly stated was not waging war on the people of Ukraine, he was at war with Satan Worshipers, Pedophiles, and Nazi's. Most, (basically 100%) of media focused solely on his denazification statement, they skimmed over the other two parts. It's time to connect a few dots and pontificate why Epstein and the Pentagon are in the same sentence as Putin, Pedophiles and Nazis?

The cesspit of the crime underworld of our modern world, the swamp creatures have had free reign for decades, destabilizing, pillaging, and destroying of the nation is almost complete having been bled dry as the Mecca of the worlds richest and dirtiest crime-lords and oligarchs. Human trafficking, money laundering, weapons/arms dealing, banking frauds, sextrade slaves, children, child pornography ARE the economy, American and Israeli Oligarchs have been the biggest benefactors.

What else can we connect the dots on now? Does Putin have a longer memory than we do, or more "gathered intelligence"? We need take a broader look at new revelations on the worlds most well known "Honey Pot" recruiter aka the clientele list of Jeffery

and Ghislaine Maxwell are dominating WSJ headlines

First; what is a Honey Pot?

noun

- 1 a pot, as of glass or silver, for storing and serving honey.
- 2 a person or thing that acts as a lure or decoy in a trap, scam, or scheme:
The senator engaged in an extramarital relationship with a honeypot set up by his political rivals.
I thought my money was safe, but the other investors were all honeypots who were lying about their profits.
- 3 something or some location that is attractive or rewarding and that entices a specific group of people:
The unregulated dating app was a honeypot for catfishing and predatory behaviors.
The author's childhood home became a tourism honeypot for the small town.
- 4 **Digital Technology.**
 - a a computer system, isolated from the rest of its network, established as bait to lure malicious hackers into engaging with it, thereby revealing the identity or technique of the perpetrator without endangering the network or its data.
 - b a web page or section of hidden code in a web page that lures spammers into an interaction that identifies their content as spam or reveals its point of origin.

Why?

- Also, strangely absent from the recent flurries of discussion in regards to the “Epstein Cliques” is Ghislaine, why .
- Who is compromised?
- Who and how many? Jeffery Epstein and Ghislaine captured the top shelf politicians, business men and world leaders, meanwhile Pegasus manufactured an army of compromised individuals

At the time of his St Petersburg speech the majority of the world likely believed (mistakenly) that he was the aggressor and his claims unfounded. Now the world pretty much knows that Nazi's are real and yes they are still thriving in places like the Ukraine and being heavily (mostly) funded by US \$\$\$ and new interesting names connected to Jeffrey lik:

- Ehud Barak, former Israeli prime minister visited Epstein dozens of times and accepted flights on Epstein's private jet. Between 2013 and 2017. Mr. Barak told the Journal he was introduced to Epstein in 2003 by Shimon Peres, another former prime minister of Israel
- Leon Black, An Apollo Global management review found he paid Epstein \$158 million for estate planning and tax work,

- William Burns the director of the Central Intelligence Agency since 2021 had three meetings scheduled with Epstein in 2014, when he was deputy secretary of state.
- Noam Chomsky author and political activist, while he was a professor at the MIT.
- Joshua Cooper Ramo chief executive of Henry Kissinger's corporate consulting firm,
- Kathryn Ruemmler White House counsel under President Obama had dozens of meetings with Epstein in the years after her White House service and before she became a top lawyer at Goldman Sachs Group,
- Terje Rød-Larsen, a Norwegian diplomat who helped negotiate the Oslo Accords in the 1990s, a deal between Yasser Arafat https://en.wikipedia.org/wiki/Oslo_Accords

Might it have something to do with another Federal coverup, in the Pentagon. Think Pegasus, again not the mythical winged horse of Greek legend. The [Federal Bureau of Investigation](#) secretly bought the Pegasus spyware in 2019, US "defence contractors" even tried buying the company. It fell through when the public learned about the attempted acquisition.

Why has Israel NOT supported America in Ukraine at all? Israel has a 100% moratorium on weapons and aid to Ukraine? Why has Israel repeatedly denied Ukraine's pleas to access Pegasus software from Israel?

Whitney Webb has in great detail outlined the access Russia was given to "greater intelligence". Like the software Boris Yeltsin (https://en.wikipedia.org/wiki/Boris_Yeltsin) purchased from Ghislaine Maxwell's father Robert Maxwell, the secret intelligence weapon he left President Putin, the gift of Pegasus and not the mythical winged horse of Greek legend. The secret Israeli weapon that was created by Ghislaine sister, sold abroad to the worlds top intelligence and enforcement agencies personally by Robert Maxwell. The software was discovered to have a "back door" access that could also be used, sold or leveraged by the controllers of the software. it's been a family affair [https://en.wikipedia.org/wiki/Pegasus_\(spyware\)](https://en.wikipedia.org/wiki/Pegasus_(spyware))

“” **Pegasus** is [spyware](#) developed by the Israeli [cyber-arms company NSO Group](#) that can be covertly installed on [mobile phones](#) (and other devices)

running most^[1] versions of [iOS](#) and [Android](#).^[2] Pegasus is able to exploit iOS versions up to [14.7](#), through a [zero-click](#) exploit.^[1] As of 2022, Pegasus was capable of [reading text messages](#), [tracking calls](#), [collecting passwords](#), [location tracking](#), accessing the target device's microphone and camera, and harvesting information from apps.^{[3][4]} The spyware is named after [Pegasus](#), the winged horse of [Greek mythology](#). It is a [Trojan horse](#) computer virus that can be sent "flying through the air" to infect cell phones.^[5]

Fri 23 Jul 2010 - The guardian headline read: "Pentagon Workers found to have downloaded child pornography". They initially said "Dozens" <https://www.theguardian.com/world/2010/jul/24/pentagon-us-staff-downloaded-child-pornography#:~:text=Dozens%20of%20Pentagon%20staff%20and,not%20comment%20on%20specific%20cases>

On July 22, 2010 thousands: <https://www.voanews.com/a/pentagon-workers-linked-to-child-pornography-99150694/174207.htm>

Fox 8, 2015 again said dozens: <https://www.foxnews.com/us/investigation-finds-dozens-of-military-officials-and-contractors-downloaded-child-porn>

Childhub reports that a **four-year-old international investigation** resulted in identifying 30,000 customers of child pornography in 132 countries. Many of the **images were uploaded from Ukraine and Belarus**. <https://childhub.org/en/child-protection-news/project-flicker-investigation-exposes-vast-child-pornography-ring>

Operation Flicker in 2006 identified 5,000 Pentagon employees of approximately 23,000 (20+) people who had paid for access to overseas pornography websites.

Now I still don't know if it was dozens or thousands, but it appears that only about about 10 people were prosecuted, got the book thrown at them and then on JAN 08, 2008 the investigation was "shut

down" [https://media.defense.gov/2018/Aug/10/2001953091/-1/-1/1/200701199X%20\(BLACK\).PDF](https://media.defense.gov/2018/Aug/10/2001953091/-1/-1/1/200701199X%20(BLACK).PDF)

The highest office in the Pentagon is the United States Secretary of Defense. This happened under the watch of and was terminated by none other than **Donald Rumsfeld**, followed by a litany of Obama loyalists like Robert Gates, Leon Panetta, Chuck Hagel, Ash Carter and now Joe Biden's Lloyd James Austin III, also coincidentally where the buck stops in the allegations of mass criminal negligent homicide by FAA Whistle blower Bruce McGray.

What else was going on around this time? In the 2007 deal, Epstein avoided federal charges and served only 13 months in state prison for state prostitution charges concerning his sexual involvement with underaged girls.

We know the KGB is an elite intelligence agency, we know they have a lot of resources and allies, some mutually with America like Israel.

How many know that?

Likely even fewer understand the nature of their relationship, the reason Israel does not risk offending Putin in any way shape or form, EVER.

Does anyone believe the KGB are not watching when on 07/02/19 Reps. Abigail Spanberger (D-Va.) and Mark Meadows (R-N.C.) introduced legislation on Tuesday meant to halt the use of Department of Defense (DOD) computer networks by users for sharing or procuring pornographic images of children. A bill that specifically targets use of Pentagon networks for child pornography? <https://thehill.com/policy/cybersecurity/451383-house-bill-aims-to-stop-use-of-pentagon-networks-for-sharing-child/>

When exactly did every investigative and enforcement agency in America get captured, by whom and how? It seems "honey potting" is still effective enough to compromise entire nations, or the "who's who" of World leaders and Military Industrial Complex billionaires.

I think I'm understanding Putin more by the week.
