

# DIRECT CREMATION

*A modern alternative to a Funeral Service*

A Cremation without Ceremony, known as a direct cremation, is for those who would prefer a simpler funeral. It is for those, who for various reasons, prefer not to have a funeral service. This option of a simple, straightforward cremation is now being chosen by a growing number of people.

Arranging a Cremation without a ceremony is straightforward and we will be pleased to help every step of the way. We will arrange to bring your loved one into our care, where cremation forms will need to be completed and signed, this will include the agreement and an application for cremation.

We will then proceed with finalising the arrangements with a local crematoria based in Norfolk.

Once completed we will contact you to confirm the cremation has taken place. Ashes can be collected from us or remain at the crematorium.
