

All Information is for both Local and national processes.

Meeting Clothes- all members are required to wear Gray T-shirts, gray sweatpants, and Black shoes.

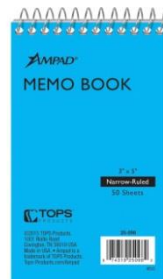

If there is only one person, it's easy, but if there are multiple, you must communicate to get the same items; this will start the bonding process and learning to work together!

Your Task- Figure out a matching Outfit (it can be anything: Jeans, dress, sweats, etc). Make a side-by-side or collage; you must work together and communicate...Distance should not matter.

- a. Brains- These are the books where you will write your Information once it is given to you.
- b. They are brains because they hold all your sorority knowledge.
- c. The brains will need to be the same. (Because the line is considered one)
- d. The dean supplies the books and pens.

Your Task- wrap them the same. Once completed on the First Page, you will put the Spiel Founders in it. Wrap the book across from Right to left (very Important; we can tell if it is wrong)

2. Receiving Numbers – The lineup- line up in size order and assign numbers; in some cases, we will assign numbers from the height information sent to the dean..

Knowing your Limits and Capabilities- Joining a sorority is 80% Mental, 10% Physical, and 10% Financial. Remember these essential things.

1. We can never make you quit- The only person that can do that is you.
  2. No one will disrespect you or degrade you for your letters.
  3. You always have the option to say no.
  4. Your big sisters have been through everything you have gone through.
  5. Everything is with purpose. (there is a hidden lesson behind all tasks and assignments)
  6. YOU ARE ALWAYS ALWAYS wrong; your big sisters are always right even when they are dead wrong.
    - If I say Big Sister says the Sky is Purple and Unicorns are flying in the Sky, agree because it can go left quickly once you open the conversation.
    - When you give wrong Information or mess up, keep going even if your dean tells you to stop.....Always Keep going.
    - Being humble is not easy but it prepares you.
- Move on after correcting- Arguing does nothing but keep things going. Move to the next subject as quickly as possible. For example, if they say what do you know? Just start another Spiel.
7. You are always to address the women as Big Sisters.
  8. Never give up on yourself... we are supposed to make it hard; you love it more when you earn it. It builds memories I promise you will laugh at.
  9. Always think outside of the Box
  10. We aim to build memories, bond with you ladies, and help you earn your letters and love your sorority.

## **NEVER TAKE ANYTHING PERSONAL**

You will not make it if you take it personally or wear your heart on your sleeves.

Just a personal thought as your dean: There will be good days, bad days, funny days, and days when you want to give up. Lean on your line, sisters. Make a pack that we are going to get through this together. Stand by them; it's kind of cliché one for all, all for one. If you agree, pray and lift each other. If your line sister

doesn't know something, step up and answer for her. What if someone says you think you know everything or you're a showoff? It's better than your sister being embarrassed or the entire line being given an assignment because she didn't know. Think about this: your founder line name is KNOW IT ALL.

### **What do we want in a sister?**

That girl who will step up when her sister can't, know her worth, and understand that wearing your letters means much more. It gets no better than that!
