Bonding is establishing a relationship or link with someone based on shared feelings, interests, or experiences.

Shared feelings within the sorority can be anything from religion to political views.

You must know everyone may not have the same opinions as you, and you must be willing to accept that.

This sorority is not Categorized. We accept all women.

Interest can be anything from TV, shows, traveling, hobbies, community service, music, etc.

Only some people are going to be close. There may be two people who click. You may click more with a big or little sister than you do with your line sister and

That is okay; if I don't listen to trap music, chances are, I will never go to see a concert with you. It's all about learning each others' personalities.

Experiences- this process is the experience. What you are doing is bonding you through experience. This bonds you to your line sisters and Big sister because we have all been through it or been through it. These experiences build a foundation for a solid sisterhood to begin.

Because we are a small organization, we know each other well. Sisters should know each other, from the girls to the adults. Through this process, you will learn each other's flaws and Strengths.
