ACA pathways are designed to support learning beyond simple seat time. Regardless of the pathway chosen, families receive consistent learner monitoring and accountability, grading and academic reporting, transcript preparation for high school learners, and Aviator support that guides both parents and learners throughout the year.

All ACA pathways require a full academic year commitment. Program Rates and fees are non-refundable, and families remain responsible for the full annual program rate even if they leave ACA early. Families who need greater flexibility may request to transition to the Navigator Pathway, with any financial adjustments prorated for the remaining portion of the commitment contract.
