A RICH HERITAGE OF OVER A CENTURY OF ENGINEERING EXCELLENCE.

Kirloskar power generating sets prioritize user experience, delivering exceptional features and benefits. Streamlined installation and enhanced dependability to expedited service, reduced maintenance costs, and optimized performance.

Kirloskar Powergen sets itself apart with groundbreaking engineering that establishes new industry benchmarks.

limitless **POTENTIAL, SUSTAINABLE PRACTICES**

Our state-of-the-art manufacturing facility embodies our commitment to sustainable practices. We partner with nature to power the facility itself, transforming waste into valuable resources. This focus on sustainability inspires both our workforce and surrounding communities.

It's here, where cutting-edge technology meets exceptional skills,
that we engineer solutions to empower limitless possibilities.

WHAT IS INVERTER TECHNOLOGY?

An inverter generator is a type of portable generator that produces AC (Alternating Current) power, like a conventional generator, but converts it into DC (Direct Current) and back into a cleaner and more stable AC power using clever electronic circuitry.

THE VERSATILE POWER GENERATOR SOLUTION

Combined possible load on 2.8 kW*	LED Lights	CFL Lighting	Tube Light	Celling fan	Refrigerator	Computers	washing machine	TV LED Type 32 inch	Air conditioning	Any other units
Estimated equipment's watts	10	30	45	60	300	300	350	32	**	
No. of units	8	8	6	6	1	2	1	2		

* This is just for illustration & various combinations as per respective needs are possible.

** However in Case of AC operation requirement, there would be change in other connected loads and as such you are requested to contact authorised Kirloskar green sales experts.

2.8 kW, 3.5 kVA & 5.5 kVA Petrol & Diesel Genset

INVERTER TECHNOLOGY

India's #1 Genset brand

- Over 1 million Gensets in service across the globe
- Specialised genset manufacturer for more than seven decades; offers a wide range of power solutions upto 1500 kVA

Widest well-trained service network

- Supported by over 5000 skilled engineers and over 450 well-equipped service outlets
- Centrally monitored service quality and response time
- Dial customer support and our authorized representative will be at your door step!

Widest product range

- Choice of power is now unlimited, choose from 2.8 till 5 kVA in petrol and 5.5 kVA diesel genset
- Choose genset from the widest range as per your ideal power needs

Kirloskar Solution

- Revolutionary sound absorption system makes the owner totally relaxed during powercut
- Complies with the latest noise regulation and emission norms

Complete solution with AMFi Panels*

- Switch on automatically
- High reliability
- Ready to start with built-in battery charger
- Easy to mount and install

Enjoy the benefits of mobility and portability

- Kirloskar rolls on wheels and is equipped with a wide length handle
- Carry power with you for a beach party or a jungle camp
- Great help for small establishments and mobile workshops too!

* AMF Panel is available only for diesel variants of KCC Portable Gensets

THE VERSATILE POWER GENERATOR SOLUTION

Why get satisfied with power back-up of 4 lights & 4 fans ?

With Kirloskar Green Gensets ensure non stop comfort of wide range of appliances
