LIME COLLECTION **CATALOGUE**

2025-1

Chemro is a proudly Australian-owned and based company, renowned for its expertise in manufacturing high-quality finishes for decorative and protective coatings. With a commitment to excellence and innovation, Chemro offers a diverse range of products that enhance surfaces while ensuring durability and aesthetic appeal. By combining advanced technology with a deep understanding of industry needs, Chemro has established itself as a trusted name in delivering superior solutions for both residential and commercial projects. Its dedication to quality and Australian craftsmanship underscores its reputation as a leader in the decorative and protective coatings market.

Chemro specialises in crafting some of the most unique finishes for wall and floor decoration and protection, setting a benchmark for innovation and excellence. Their products are meticulously engineered to deliver outstanding quality and durability, ensuring long-lasting performance in both residential and commercial spaces. With a focus on blending functionality with aesthetics, Chemro's finishes not only provide robust protection but also enhance the visual appeal of surfaces. Chemro continues to push the boundaries of design and engineering, offering solutions that stand the test of time.

Chemro's Lime Collection offers a versatile range of lime-based Venetian plasters, from matte to high-polished finishes, perfect for creating stunning interior spaces. Renowned for its natural lime properties, this collection ensures breathability, durability, and eco-friendliness, making it an ideal choice for internal applications. The Lime Collection can be tinted to any colour, allowing seamless customisation to match tiles, fabrics, paints, and timber floors. Chemro takes pride in its precise and fast colour-matching services, ensuring a harmonious blend with your design elements. With its timeless aesthetic and practical benefits, Chemro's Lime Collection transforms interiors into elegant and sustainable masterpieces.

Chemro draws inspiration from the timeless beauty of ancient places and cities around the world, incorporating their essence into the design and concept of its products. This unique approach ensures that each finish reflects the elegance, charm, and enduring appeal of historic landmarks, making every wall or floor a celebration of heritage and artistry. By blending modern engineering with the spirit of ancient aesthetics, Chemro creates high-quality finishes that are as durable as they are visually captivating. This fusion of history and innovation allows Chemro to deliver products that transform spaces into masterpieces inspired by the world's most beautiful legacies.

RIO

Coarse Marmorino

Rio Coarse Marmorino is a lime-based trowel-on product that provides a distinctive and refined approach to designing interior walls. Its natural formulation enables a textured finish that emulates the classic charm of textured surfaces, resulting in a natural and elegant aesthetic.

RIO is a lime-based trowel-on product that offers a refined and sophisticated approach to interior wall design, thanks to its unique texturing effect. This versatile material creates an elegant, subtle texture that enhances the depth and character of any space. With its natural lime composition, RIO ensures durability and breathability, making it both a practical and stylish choice. The fine texture allows for creative expression in application, enabling a personalised finish that blends seamlessly with various design aesthetics. Perfect for adding understated charm, RIO is a timeless option for elevating interior walls.

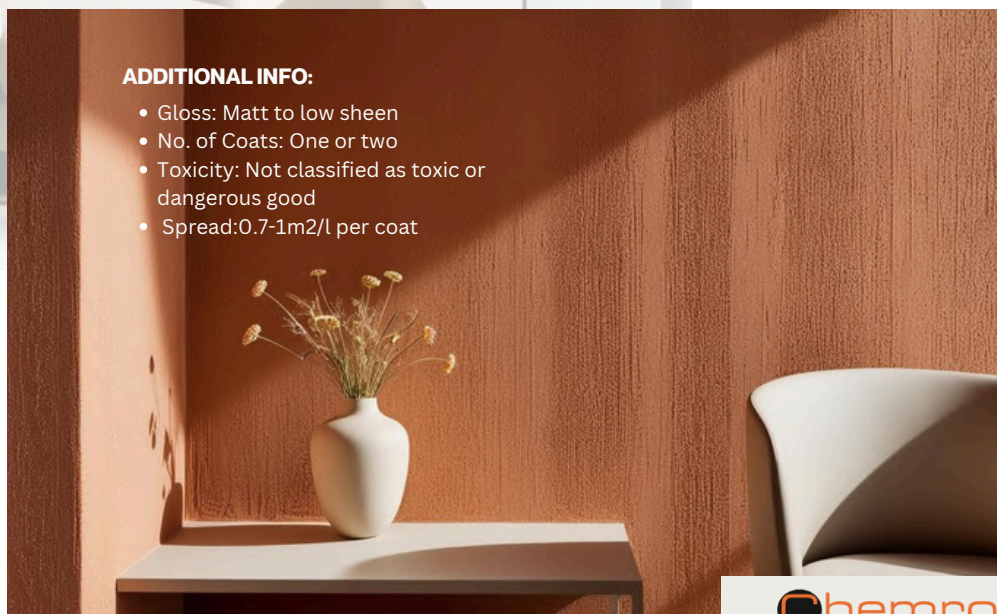

FEATURES:

- Creates the natural effect of lime plaster
- Velvet feel
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- Gloss: Matt to low sheen
- No. of Coats: One or two
- Toxicity: Not classified as toxic or dangerous good
- Spread: 0.7-1m²/l per coat

VENICE

Mirror Finish

VENICE adds an elegant touch to any interior space. Its superior workability allows for effortless application using a steel trowel. VENICE is available in a wide range of tintable colours, from light to dark shades, including various tones of grey suitable for any marble aesthetic.

VENICE is a lime-based product that mimics the appearance of polished concrete and marble, offering a distinctive textural effect. Its adaptable characteristics make it an excellent option for interior design projects. VENICE can be tinted in a wide range of colors, allowing for the creation of unique and artistic patterns on any wall. When applied with a steel trowel, it can achieve either a lustrous or mirror-like finish, depending on the applicator's expertise. The result is a one-of-a-kind wall that showcases an exclusive signature look, impossible to duplicate.

FEATURES:

- Creates the natural effect of polished marble
- Ultra-smooth with mirror effect
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- Gloss: Low gloss to mirror gloss
- No. of Coats: Two or three
- Toxicity: Not classified as toxic or dangerous good
- Spread: 7-10m²/l per coat

PETRA

Split Stone

PETRA Split Stone is a lime-based trowel-on product that offers a unique and sophisticated way to design interior walls. Its natural composition allows for a textured finish that mimics the timeless beauty of split stone, zen or stamp texture creating a natural and elegant design.

PETRA Split Stone is designed to bring depth, elegance, and versatility to interior walls. Its fine texturing effect allows for creative finishes, including Zen-inspired smoothness, intricate stamping patterns, and the rustic charm of a split-stone effect. This adaptability makes PETRA an ideal choice for a variety of interior styles, from serene minimalism to bold, textured statements. The natural lime composition ensures durability, breathability, and eco-friendliness, providing a timeless solution for wall design that combines beauty with practicality. Whether you're crafting a tranquil oasis or a striking feature wall, PETRA Split Stone offers endless possibilities.

FEATURES:

- Creates the natural effect of split-stone
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- No. of Coats: One or two
- Toxicity: Not classified as toxic or dangerous good
- Spread: 0.7-0.9m²/l per coat

VIENNA

Fine Marmorino

Vienna is a lime-based product renowned for its ability to create a stunning marmorino finish, ranging from subtle to glossy, offering exceptional versatility in interior wall design. Its elegant texture and finish bring sophistication and timeless beauty to spaces, making it a favorite among architects and designers.

The lime composition ensures that VIENNA is not only visually striking but also breathable and durable, providing a practical solution for long-lasting beauty. Its adaptability allows for creative application, enabling designers and homeowners to achieve a polished, refined look that enhances the charm of their interiors. VIENNA can be tinted in an extensive array of colours, enabling the creation of distinctive and artistic patterns on any wall. When applied with a steel trowel, it can achieve either a glossy or semi-gloss finish, depending on the skill of the applicator. The outcome is a singular wall that displays an exclusive signature style, truly impossible to replicate.

FEATURES:

- Creates the natural effect of marble
- Ultra-smooth with polished effect
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- Gloss: Luster to Gloss
- No. of Coats: Two or three
- Toxicity: Not classified as toxic or dangerous good
- Spread: 6-9m²/l per coat

PALERMO

Medium Marmorino

PALERMO elevates the sophistication of any interior space. Its remarkable workability allows for effortless application with a steel trowel. Offered in a wide range of tintable colours, from light to dark, it presents various shades that beautifully enhance the marmorino aesthetic.

PALERMO is a lime-based material that replicates the look of smooth concrete and marble, providing a unique textural effect. Its versatile nature makes it an ideal choice for various interior design projects. PALERMO can be tinted in an extensive array of colours, enabling the creation of distinctive and artistic patterns on any wall. When applied with a steel trowel, it can achieve either a glossy or semi-gloss finish, depending on the skill of the applicator. The outcome is a singular wall that displays an exclusive signature style, truly impossible to replicate.

FEATURES:

- Creates the natural effect of smooth marble
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- Gloss: low gloss and higher
- No. of Coats: Two or three
- Toxicity: Not classified as toxic or dangerous good
- Spread: 2-3m²/l per coat

RIO

Sparkle

RIO Sparkle is a lime-based trowel-on product that transforms interior walls into dazzling focal points with its subtle sparkling effect. Perfect for those seeking to add a touch of elegance and glamour to their space, RIO Sparkle combines natural lime with reflective particles to create a shimmering, textured finish.

RIO Sparkle application allows for creative customisation, enabling users to achieve unique patterns and textures that reflect their personal style. Beyond its aesthetic appeal, the lime base ensures durability, breathability, and a timeless charm, making RIO Sparkle both a stylish and practical choice for interior wall design.

FEATURES:

- Creates the natural effect of lime plaster
- Velvet feel and sparkling look
- Waterbased
- Crack-free
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly
- Ultra bright

ADDITIONAL INFO:

- Gloss: Matt to low sheen
- No. of Coats: One or two
- Toxicity: Not classified as toxic or dangerous good
- Spread: 0.7-1m²/l per coat

SANTORINI

Lime Paint

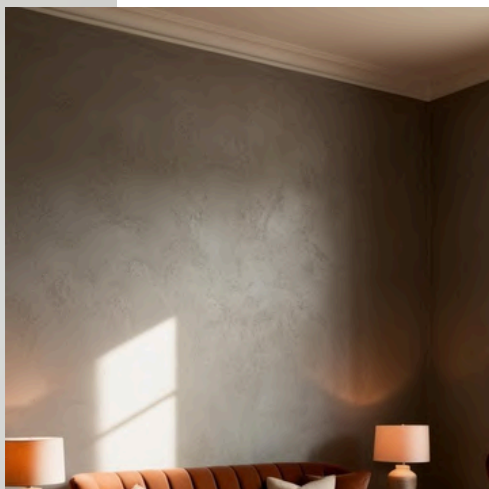

SANTORINI is a versatile lime-based product that has gained popularity for its ability to elevate interior design with its timeless charm. Offering the flexibility to be applied as either lime paint or lime wash, it creates stunning finishes that bring depth, texture, and a natural elegance to walls and surfaces.

SANTORINI's unique composition not only enhances aesthetic appeal but also promotes breathability, making it ideal for both contemporary and traditional interiors. The soft, matte finish achieved with SANTORINI beautifully complements a variety of design styles, from rustic to minimalist, giving spaces a warm, organic feel. This eco-friendly product is a testament to the enduring allure of lime-based materials in interior design.

FEATURES:

- Creates the natural effect of limewash
- Waterbased
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly

ADDITIONAL INFO:

- Gloss: matt to low gloss
- No. of Coats: Two or three
- Toxicity: Not classified as toxic or dangerous good
- Spread: 8-10m²/l per coat

CARTHO

Natural Grain

CARTHO, a captivating lime-based product, offers an exquisite finish that draws comparisons to terrazzo with its unique blend of grainy sand. Its textured surface radiates charm and elegance, making it a favorite for both modern and classic designs.

The subtle interplay between its refined grain and lime base ensures durability without compromising on aesthetic appeal, making it a versatile choice for enhancing spaces with character and style. Truly, CARTHO is where durability meets artistry.

CARTHO is a versatile lime-based product that offers a seamless blend of elegance and natural beauty. When applied with a steel trowel, it creates a smooth, refined surface, but its true charm emerges after sanding. This process reveals the terrazzo-like grain, giving the finish a beautifully organic and textured appearance. The result is a surface that feels both sophisticated and authentic, with a timeless quality that effortlessly enhances any interior or architectural space. Its natural look and durability make CARTHO a standout choice for those seeking both style and substance.

FEATURES:

- Creates the natural effect of terrazzo
- Waterbased
- Tintable to variety of colours
- Zero VOC
- Interior
- Easy to apply and user-friendly

ADDITIONAL INFO:

- Gloss: low gloss and higher
- No. of Coats: Two or three
- Toxicity: Not classified as toxic or dangerous good
- Spread: 1-1.5m²/l per coat
