

AccuPin® Pro Overview
August 2025

“A Game Changer for Greens Management”

For more info, contact: sales@accupin.com

What is AccuPin Pro?

- AccuPin Pro is the premium tool for cup location
 - Golf Course Superintendents can manage pin locations daily with visibility to last 10 locations and Golf Professionals can select locations for upcoming Special Events which cupcutters can see and avoid.
 - Integrates the very latest in GPS technology with 2" accuracy and heat maps to provide an intuitive and accurate experience.
 - “Reverse GPS” feature allows grounds crew to walk to within 2" of desired Tournament pin locations in <15 sec without the use of undesirable dots on the greens

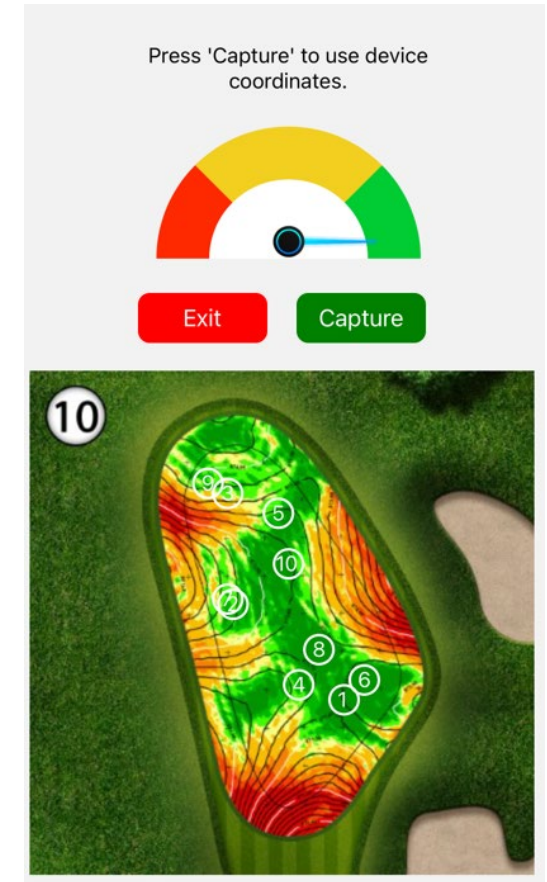

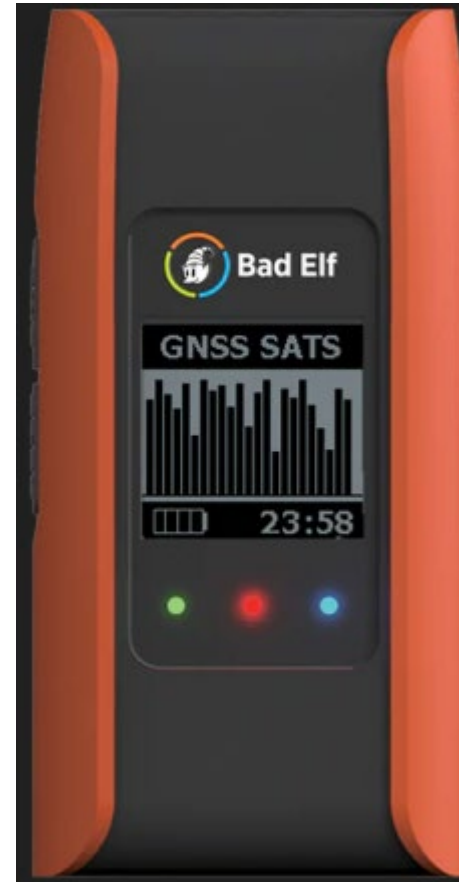

AccuPin Pro takes AccuPin to a new level with the valued input of two highly respected members of the golf community - Tony Pancake (Director of Golf) and Jake Gargas (Director of Grounds) at Crooked Stick Golf Club in Carmel, IN

Take Back Control of Your Greens

1. With Heat Maps and 2" GPS Accuracy you will know all pins are fair – no more golfer complaints for unplayable pins
2. Grounds Crew will see last 10 pin locations on each green!
3. Superintendent can pre-identify cup locations for Grounds Crew or delegate selection to his crew.
4. 2" GPS Accuracy adds no time to the Grounds Crew's day (based on actual data).
5. Superintendent can quickly review or set pin locations each day from his phone or desktop
6. Club Professional can see where cups have been cut the last 10 days and set Tournament pins in Advance - even from his office with the click of a mouse!
7. Grounds Crew will see upcoming Tournament pins on their phone and avoid those locations!

“Reverse GPS” is the added “it” factor which makes AccuPin Pro so Unique

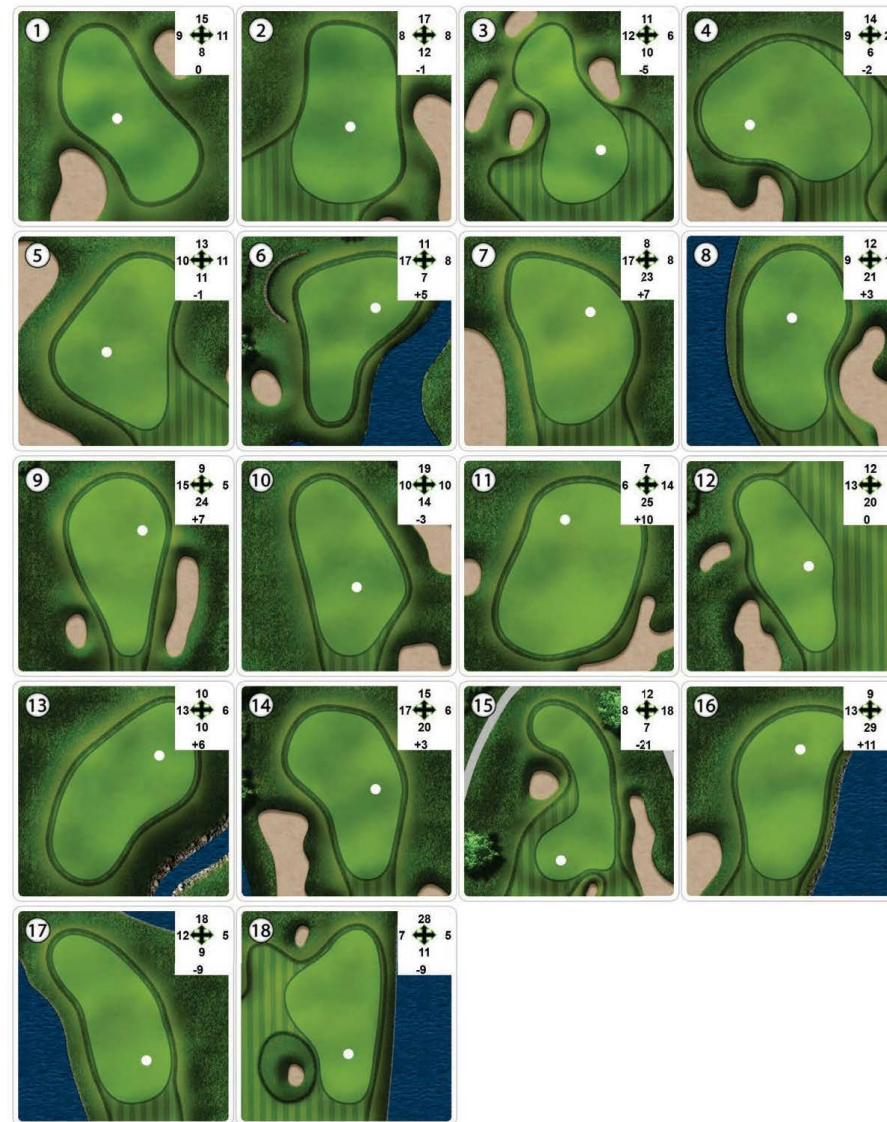

- The cupcutter walks exactly to the desired pin location for Tournament or Daily Pins in seconds without the aid of a dot on the green
- No pacing off steps from two points which is difficult to do accurately
- Fast and Accurate!

Print Pin Sheets

- Not your typical Pin Sheet
- Shows Pin Locations on the actual Green
- Shows Distances to the Edges of the Green

Vibrant Pin Sheets

Pin Sheet for Crooked Stick - Daily Pins 1 (AccuCaddie)

Commonly Asked Questions

Q: Is the AccuPin app password protected?

A: Yes, only authorized users can access the app for each club.

Q: Is the AccuPin available for both iPhones and Android phones?

A: Yes, cupcutters can download it from both the App Store and Google Play Store for free.

Q: Is there any other option for entering data? What if my GPS unit goes dead?

A: Yes, “finger mode” is always an option, but it is only as accurate as the person using it. Cupcutters can vary in accuracy.

Q: Is there a less expensive GPS option than the \$1200 unit shown here?

A: Yes, AccuPin also works with a \$600 unit which has 1 meter accuracy, but the \$1200 unit with RTK is 10-20x more accurate and much easier to use.

Q: Is there a long-term contract?

A: Only the 3rd party RTK service has a minimum three year term.

Q: What is needed by my grounds crew to use AccuPin?

A: Only an iPhone or Android phone is needed.

Q: Can I purchase AccuPin to use with the Visage system at my club?

A: Yes, the base annual subscription cost is \$999 with no additional setup fees. This price does not include Reverse GPS or Heat Maps, nor does it include a GPS unit.

Q: Does AccuPin work with EZ Go or Yamaha GPS systems?

A: Not at the current time.

Q: What is the warranty of the GPS unit shown in this presentation?

A: The stated warranty is 12 months, but the vendor’s previous product line showed 10+ years of life and barring abuse will stand behind its products.
