

**AccuCaddie® Pro Overview**  
**December 2025**

**“Like Having a PGA Caddie on Your Bag”**

**For more info, contact: [sales@accupin.com](mailto:sales@accupin.com)**

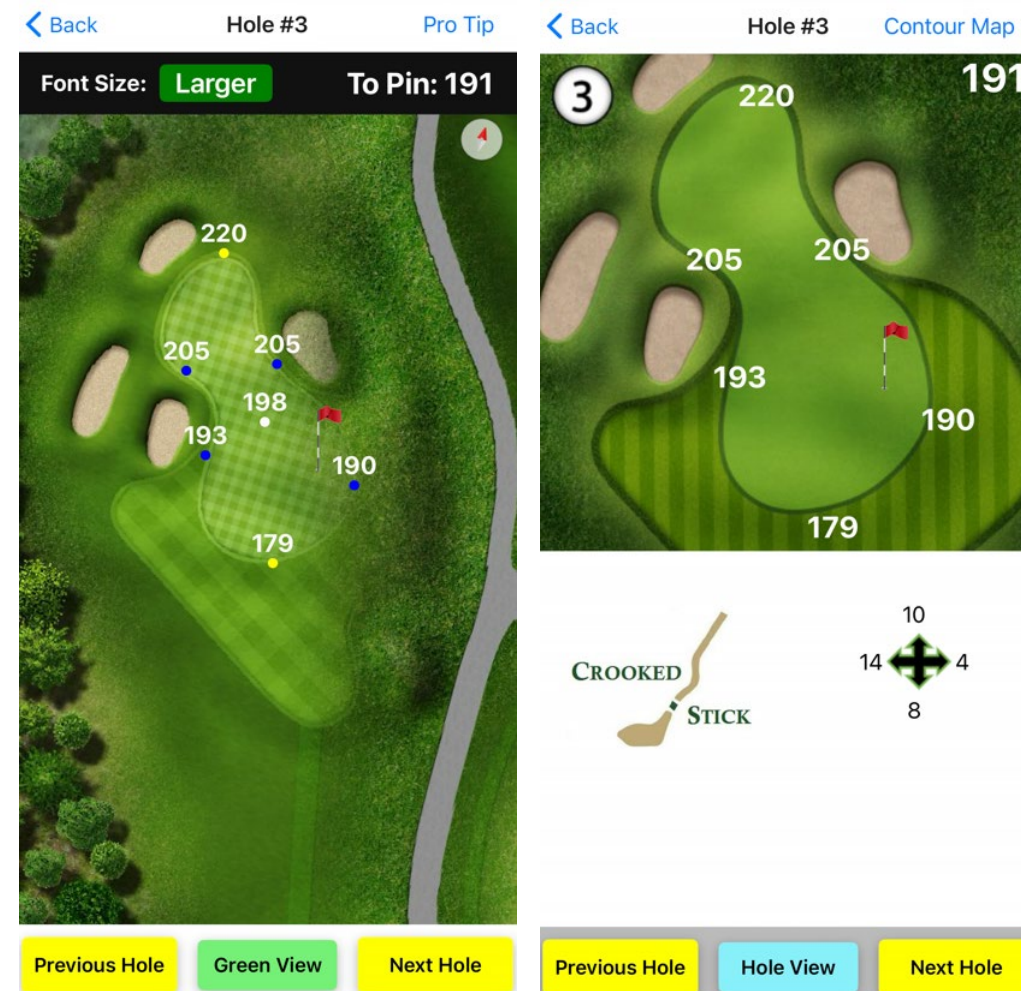

# Key Information

- **AccuCaddie Pro is ideal for any club that has one or more of the following:**
  - No GPS in carts
  - Members with their own carts
  - Many walkers
  - A caddie program
  - GPS in carts, but many “cart path only” days
- **Like AccuRange, AccuCaddie is free for all members and guests.**
- **AccuCaddie provides golfers and caddies exact “distance to pin” due to AccuPin, as well as exact distances to any other point on the hole.**
- **AccuCaddie shows the golfer where the flag is located on the actual green, and distances to the front edge of the green and back of the green.**
- **AccuCaddie has an option to show golfers/caddies their Pace of Play.**
- **AccuCaddie Pro is affordable - \$700 adder to AccuPin Pro, plus \$800 initial graphics charge (per 18 holes)**

- **AccuCaddie Pro brings all the benefits of AccuPin Pro to your members and guests**
  - Free app for golfers on all iPhones and Android phones
  - Intuitive, easy-to-use and very accurate
  - Beautiful hole graphics drawn precisely to scale!
  - Enhances the golfer experience at the club
- **AccuCaddie Pro provides golfers with every distance they need on a course – including MANY which a rangefinder cannot provide**
  - Distance to the Front, Middle and Back of each green AND distance to the pin.
  - Distance to all key features on each hole
  - Caddies at private clubs use AccuCaddie – it's that accurate, fast and informative

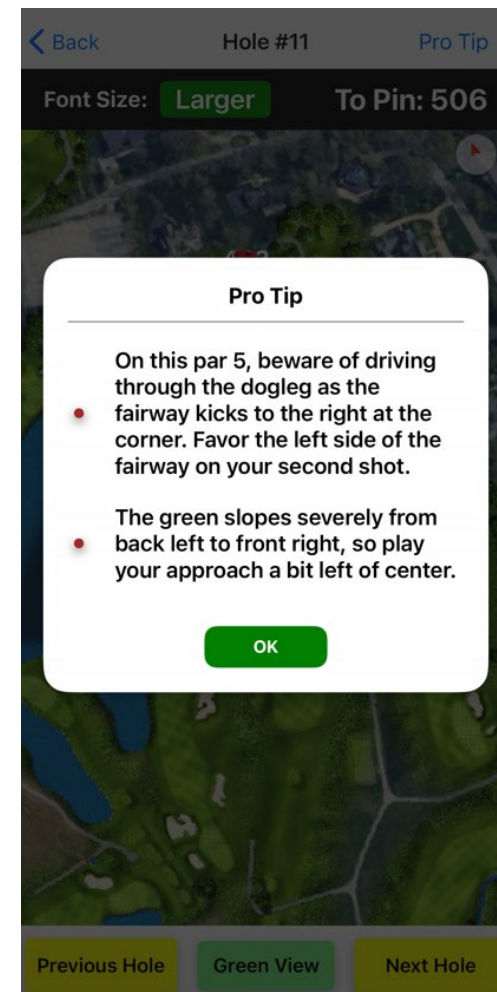

## What is AccuCaddie Pro?

## AccuCaddie Features

1. AccuCaddie provides golfers with precise distances to the pins from their location (blue dot)
2. Distances to the edges of the greens in line with the pin are shown for each green – not a simple pin sheet diagram (see right screenshot on previous page)
3. Tap on screen to get distances to any point on the hole and remaining distance to the pin. Ideal for drives and layup shots to leave the golfer's best yardage (see the 179/100 to the right).
4. "Pro Tips" can be added for each hole by the club – ideal for daily fee clubs and guests at private clubs (see far right screenshot)

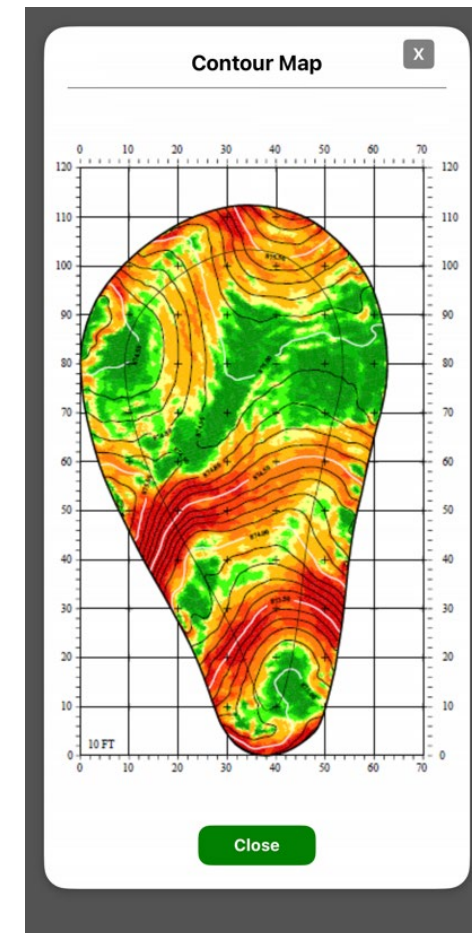

## AccuCaddie Features (cont'd)

5. Every distance a golfer could want for a shot is available in AccuCaddie. If it's not pre-populated, simply touch the screen to get it. The "Top Down" graphics ensure accurate distances.
6. Golfer can zoom in/out, rotate and pan on each hole as needed.
7. Hole View screen shows a compass in upper right corner so golfers can factor in wind direction.
8. App auto-advances when golfer reaches next tee.
9. Custom flags and flagsticks to match those of the club.
10. Optional - add heat maps for each green in app.
11. Optional – show golfers their "Pace of Play"

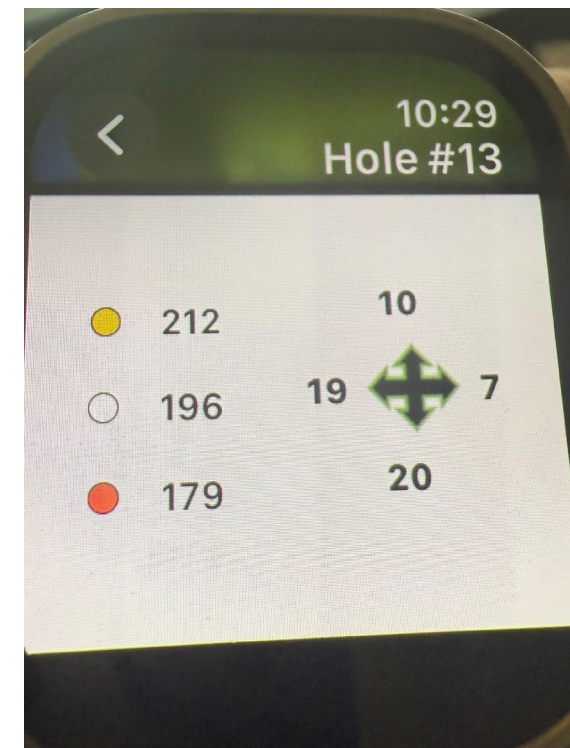

## Apple Watch Compatibility

Apple Watch shows distances to the pin, and front, center and back of each green, as well as distances to the edges of the green from the pin (the “cross”) right on the golfer’s wrist!

In this example, the golfer has 200 yards to the pin and only 7 yards of green right of the pin and 10 yards directly behind the pin.

## Which Clubs Should Consider AccuCaddie?

1. Those clubs which do not have in-cart GPS solutions –
  - AccuCaddie is an ideal, affordable solution for providing all golfers with all of the yardages they need.
  - Caddies at private clubs will love it too.
2. Those clubs with Club Car's Visage™ system -
  - The sister AccuPin app updates Visage immediately.
  - AccuPin eliminates the need for clubs to use repeating pin placements.
  - Walkers and personal cart owners will love AccuCaddie.
  - Ideal for cart path only days when in-cart GPS is not usable.
  - AccuCaddie encourages golfers to go to their ball and hit rather than sit in the cart and slow down play.

- **AccuCaddie (Pro) is only sold with AccuPin (Pro) - \$700 annually per 18 holes**
- **Total annual cost - \$2299 for AccuPin Pro with AccuCaddie Pro.**
  - **Additional \$800 setup fee first year includes enhanced graphics and pre-populated distances (see left image)**
  - **Only \$300 setup fee if Google Maps or Apple Maps is used (see right image)**
  - **Pro Tips, provided by club, included for free**
  - **Heat maps for golfers - \$100/yr adder**
  - **Pace of Play for golfers - \$250/yr adder**

## Pricing

## Commonly Asked Questions

Q: Is AccuCaddie available on both iPhones and Android phones?

A: Yes, it is available from both the App Store and Google Play Store for free.

Q: Does the AccuCaddie app cost anything to use?

A: No, the app is free for all golfers to use.

Q: Do my golfers need to create a username and password?

A: No username and password are required.

Q: Are my members going to see ads on the app?

A: No, there are no ads installed on the app.

Q: Does AccuCaddie collect any user personal information?

A: No, we only know what type of phone uses the app and for how long.

Q: Do I need to scan the QR code each time I use the app?

A: No, the golfer only scans the QR code once to download the app, then taps on "Find AccuCaddie Nearby".

Q: How much do the Enhanced Hole Graphics cost?

A: \$500 one time charge. We can also use Google Maps or Apple Maps if either is accurate at no additional cost.

Q: Is there a long-term contract with AccuCaddie?

A: AccuCaddie is a year-by-year subscription.

Q: Can the golfer touch the AccuCaddie screen to get additional distances?

A: Yes, the golfer can touch the screen to get the distance to that point and remaining distance to the pin

Q: Can AccuCaddie be incorporated into my club's member app?

A: The ability to download the AccuCaddie app can be put into your club's app, but the AccuCaddie app itself will operate outside that app.

Q: Can AccuCaddie be used for my Par 3 course?

A: Either AccuCaddie or AccuRange can be used for Par 3 courses. Please inquire for more information.
