You will be sent to this page where you will enter a password

Yeah, there are rules. Make sure your password is at least 8 characters long.

Here's the next screen. You are in! (misspelling and all)

The Edit Profile link lets you change your name, email address, or phone number. You probably don't need to change anything here as we already added you to the list.

You are now in! Click on the Home link above to begin browsing. Some of our pages are private, but you will be able to see them all once you have logged in.
