

Wastewater - Suggested Rate Increases Report

May 2023

RV Parks:

Current: 1 Residential Rate per RV counted on or about the 15th of the month by Town Staff

Suggested:

RV Parks with 1-9 Sewer Connections:

.75 multiplier of Residential Rate for ALL Sewer Connections at the RV Park*

RV Parks with 10 or more Sewer Connections:

1 Residential Rate for ALL Sewer Connections at the RV Park*

**Staff would no longer count trailers on a monthly basis, if a sewer connection is viable and has the potential to discharge into the Town's wastewater system it would receive a charge*

The Town's Rates and Fees Committee met on May 3, 2023, to review the potential need for a charge on this report. It was determined that due to the Town staff time and resources used a billing structure change is applicable and necessary.
