Rise and Shine's Crib Notes

GRECO-MELIA

We are putting the spotlight on Aveline and Vivienne's family (affectionately known as Avi & Vivi).

These cuties started with Rise and Shine at barely 5 months old, and preemies at that. They joined Montgomery Village originally but when we opened our Humboldt Street facility they were the first to enroll.

The Greco-Melia family has been an incredible asset to Rise and Shine. Always enthusiastic with their smiling faces and kind word of support.

They graduate Rise and Shine in March and it will truly feel like an empty nest when they move on to their next stage of development.

ROSSATO

Our second featured family is the Rossato Family.

Older brother, Aurelio, joined Rise and Shine at Montgomery Village in 2020. They were originally set to start when we were still in our temporary space, downtown, but then Covid happened. When restrictions were lifted and we moved into our beautiful new space they were first in line. In 2023, younger brother, Pierre, started at MV.

We are so excited, and honored, to have the Rossato Family as a part of the Rise and Shine family.

POLICY PROTOCOLS

SIGNING-IN/OUT on Hubbe and ProCare is required and MUST be completed as follows:

- You sign your child in PRIOR to dropping off
- You sign your child out AFTER you have retrieved your child

The easiest way to sign in/out is to scan with your camera. Under NO CIRCUMSTANCES are you to sign in or out from a screen shot of the QR code saved to your device! This step must take place at the entrance of the facility and not while still in your car.

ILLNESSES

Rise and Shine Child Care Centers are well-care facilities. We cannot accept sick children into our program. Please review our health policy you received when your child enrolled.

If you are notified that your child shows signs of illness while in our care, arrangements must be made for pick up within 30 minutes.

Children with non-contagious symptoms must have physician note on file cleared to attend group care.
NO EXCEPTIONS!

QUICK DROP-OFF/PICK-UP

It is imperative that parents are cognizant of the varying levels of stranger and separation anxiety of the babies in our care. Quick drop-off and pick-up help ease these transitions. Communicating through the app can help alleviate time constraints. Your help is required so that our environment can remain calm and staff can continue to meet the needs of the babies during difficult transitions.
