# One Courageous Citizen

by Mac McNeir

Most of us served in the Marine Corps and have been exposed to potentially life-threatening situations. A substantial number of us came under fire while serving in combat environments; however, not all of us came away with decorations for valor – though we were recognized for our honorable service. Those cited for heroism, generally found that fate had placed them in a situation, where for whatever reason they simply reacted and did what they felt they had to do without regard for their own well-being.

Jay and His Loader

In civilian society, many of us will fortunately never experience an opportunity that will measure our willingness to act courageously; however, for one member of Anne Arundel County Detachment 1049, that all changed on Sunday, February 7, 2010.

Around 0645, that morning, Jay Clark was busily clearing snow from the Southdale Shopping Center’s parking lot. As luck would have it, two would be thieves had decided to break into the Athletic Warehouse around the same time. As Jay approached the store, he noticed that the front door had been breached and that two young thieves were carrying jeans and boxes of shoes out to the parking lot.

As soon as he realized what he was witnessing, Jay called 9-1-1 to report a burglary in progress. Seeing Jay approaching, the two aspiring entrepreneurs threw their hot merchandise into their SUV and attempted to

make their get-away. Unfortunately, Jay was unable to provide the license number of the get-away vehicle to the 9-1-1 operator as the SUV’s tags had been purposely obscured with plastic shopping bags.

In their hurry to make a clean get-away, the thieves sped to the wrong end of the parking lot – the exit had yet to be cleared of snow. This gave Jay sufficient time to catch up with the thieves’ vehicle. Realizing that they could not get out, the thieves then attempted to back up and find a different escape route. In hot pursuit and relying on the Marine credo to “Adapt, Improvise, and Overcome,” Jay – in his own words – “nailed them broadside” with the front of his *front-end-loader* and shoved the would be get-away vehicle into a snow bank. The thieves then bailed out of the driver’s window – like rats out of a dumpster – and took off running towards Mountain Road. Since, Jay was still connected to 9-1-1, he told the dispatcher which way the thieves were headed. Ending the call, Jay went back to work and awaited the arrival of the police.

## From the Editor

by Mac McNeir

First, let me apologize to **Paul Taylor** – author of the **Devil Dog** column – for not catching the typographical error (in the December and January issues of *the Cutting Edge*) that demoted him to *Devil Dog*. As most of us know, Paul is actually a *Pedigreed Devil Dog*. I'm sure that this apology and my contribution of a number of bones at the next growl will hopefully rectify my oversight.

Remember, you should be prepared to make **nominations for the various Detachment Officer positions** at the February meeting. The nomination process will conclude during the March meeting and be followed by the actual elections.

My mind also remains riveted to the medical travails of **Denny Bynum**. After eight days, Denny's son—**Mike Bynum**—gave us the first truly encouraging message that his dad appears to be improving... news that we were all hoping for! I pray that by the time we have our next meeting, Denny will be conscious and be well on his way to a full recovery.

Also, as stated last month, **I would like to relinquish my roles as Detachment Paymaster and Adjutant** and concentrate on publication of this monthly newsletter. I do plan to make myself available to each of my successors to ensure the smoothest transitions possible.

As mentioned at the last meeting, we need your assistance in placing ads in the **2010 Department of Maryland Convention Book**. It is a major fund raiser benefiting both the department and our detachment!

Finally, you should notice an advertisement for the **5th Annual Marines Helping Marines Golf Tournament** appearing in this issue of *the Cutting Edge*. If we are to make this a successful event, we will need lots of golfers, lots of advertisers (tee boxes, greens, refreshment, cart, etc.), and lots of volunteers. With your help, we can make this year's tournament the best ever!

As always, I look forward to seeing all of you at our next monthly meeting!

The submission deadline for all **March** newsletter articles is **MIDNIGHT, Thursday, March 11, 2010!**

# Commandant's Message

Pete Pervi

Marines,

Not too much to share other than the snow.

Just because current climatic conditions may remind you of Korea or the Marine Corps Cold Weather Training Center at Pickle Meadows, CA., it does not mean that you still have the body of that Marine who humped through the snow, blizzards, and freezing temperatures, and made coffee from the snow. **SO, TAKE IT EASY, STAY INSIDE.**

Don't forget, we have a Detachment meeting on 22 February. At that meeting, we will be accepting nominations for the offices of **Commandant, Senior Vice Commandant, Junior Vice Commandant, and Judge Advocate**. We will also be looking for people to fill the staff positions, especially **Paymaster** and **Adjutant**. So if you are interested in any of these positions please let people know.

We are still accepting recommendations for **Department Marine of the Year**. After the February meeting, the officers will review all of the submitted candidates and then forward the Detachment's recommendation to the Department. This is officially done via letter, signed by the Adjutant and Commandant.

**MAY YOU AND YOUR FAMILY STAY WARM AND SAFE.**

## Lowe's Military Discount

Most members of the military community will no longer have to wait for a special holiday discount to buy shovels, paint, and other home improvement needs.

Home improvement retailer **Lowe's** has expanded its **10 percent military discount** to all day, everyday, for **active-duty, National Guard and reserve, retiree and disabled service members**, and their families, company officials announced Wednesday.

Those who want to receive the discount **must present a valid military ID card** at the time of purchase.

All other military veterans will receive the 10 percent discount on the holiday weekends of Memorial Day, Fourth of July, and Veterans Day.

**The discount is available on in-stock and special-order purchases of up to \$5,000.** It cannot be used on sales at [Lowes.com](http://Lowes.com), on previous sales, or on sales of services or gift cards.

"Lowe's was founded on the heels of World War II by veterans Jim Lowe and Carl Buchan and has always been a supporter of the military," said Larry D. Stone, Lowe's president and chief operating officer, in a statement announcing the new policy.

"The year-round discount program is one way we are reaffirming our commitment to the thousands of men and women who are serving throughout the world, as well as their family members at home."

James T. Brady

Howdy-y-y-y-y-y-y-y:

It is now February and we have now had two major snow storms. Since snow removal is a tremendously exerting task, I hope that all of you used discretion when shoveling.

I have heard that some of the new member's started thinking about accepting an office in the detachment. I think that is great and I look forward to seeing which of you step up to be our next leaders.

Decisions on our **Marine Corps League office space** (room) are being reached and things should begin getting done. Maybe we will be able to occupy the office around the time of our Bull & Oyster Roast in October.

Detachment 1049 has received at least one nomination for **Detachment Marine of the Year**. So, if anyone out there in TV land wants to nominate a fellow Marine, kindly provide me with your candidate's name by the February 22nd meeting. The selection committee (Brady, Manny & Hadley) will make a selection in March and procure a plaque for presentation at the April 26th meeting. We have a lot of worthy Marine's in this detachment; but, someone needs to place their names in the hat so to speak.

That's all for now as things tend to repeat themselves; and, we all know about our busy calendar over the next few months getting ready for elections, conventions, etc.

Fund-raiser's are always going on and now is no exception. We are selling ads for the Department Convention booklet, raffle tickets for Department and National conventions, Pack of Maryland Iwo Jima statue raffle, and our own detachment golf outing is coming up. So hang on to your wallets and spread joy to those in need.

Be sure to deliberate, nominate; and participate at our next detachment meeting!

Please keep all of the following members of our detachment family in your thoughts and prayers.

**Denny Bynum** is still a patient at the University of Maryland Medical Center's Shock Trauma unit. He has yet to regain consciousness; however, his condition remains stable, his swelling has diminished, and according to his wife, he seems to react to voices although he remains uncommunicative.

**Kazuco Bynum** (Denny's wife) postponed her surgery until the 19th of this month. Despite all that is on her plate, she remains upbeat.

**Charlie Dorn** is back at home and doing well. He is spending a good deal of his time attending to (visiting) his wife at a local nursing home .

**Beatrice Dorn** (Charlie's wife) is out of the hospital and currently rehabilitating at the Glen Burnie Health and Rehabilitation Center on Furnace Branch Road. Charlie says that the current prognosis is that Beatrice may be able to return home around March 1st.

**Dick Wischhusen**, Department of Maryland Paymaster, fell recently and broke his elbow. He is currently at home recuperating and would likely appreciate some get well cards. His address is **1434 North Bend Road, Jarrettsville, MD 21084**.

Please notify me if you are aware of any Marines or Marine family members, who are sick, in distress; etc.

# Lest We Forget...

**Sergeant David Smith**, a member of a Frederick, Maryland based Marine Reserve Unit, succumbed to shrapnel induced head and shoulder injuries suffered in a suicide bombing in Afghanistan on January 23, 2010. Sergeant Smith was initially evacuated to a trauma center in Kandahar, subsequently transferred to a Bagram air base facility, and finally to a U.S. military hospital in Landstuhl Germany. His parents were with him when he passed away. In keeping with his wishes, Sergeant Smith's organs were harvested for subsequent donation – his final selfless act.

Prior to joining the Corps, Smith graduated from Frederick High School, where he was a three sport athlete – lacrosse, soccer, and wrestling. Until recently, he had been pursuing a college degree at East Carolina University in Greenville, N.C.

Sergeant Smith, who would have celebrated his 26th birthday this month, was buried in Arlington National Cemetery on February 9, 2010. He is survived by his parents, step-parents, sister Kristen Forse and her husband Brian (with whom he served in Iraq), his younger brother Daniel, step brothers Jeffrey and Brian Jones, and step sisters Aline Cook and Lisette Rothwell.

---

**Lance Corporal Jeremy M. Kane**, assigned to the 4th Light Armored Reconnaissance Battalion, 4th Marine Division, Marine Forces Reserve, based in Camp Pendleton, California, died on Saturday, January 23, 2010 in combat in Afghanistan's Helmand province.

LCpl Kane joined the Marine Corps Reserve on September 11, 2006, during his freshman year at Rutgers University, where he was studying criminal law. He had previously been enrolled at Towson University in Baltimore, Maryland.

The 22-year-old Lance Corporal was killed when a suicide bomber attacked his unit in Helmand Province. He was three months into his first deployment to Afghanistan.

LCpl Kane was predeceased by his father Bruce and is survived by his mother Melinda, and two younger brothers, Daniel and Benjamin.

## Military Order of the Devil Dogs

*The Fun & Honor Society of the Marine Corps League*

Woof-Woof,

The Snow Dog has done it again, but not as bad as last month. Luckily, it will all be gone by the time we Growl later in February. That will be on the 21st. Since we missed growling in December, we will have to collect a lot of bones for the handicapped children in Greensborough, North Carolina to make up for what we missed. Pound 204 collected the second most bones last year for this good cause. We are determined not to be outdone this year. Please attend and donate generously when you get your passport stamped.

The Pound still has eight hounds who are in arrears for their 2010 dues. Get them paid soon. We really don't want to lose you. Send 15 big bones to the **Dog Robber** at **7944 Oakwood Road, Glen Burnie, Md 21061**. Make the check payable to **MODD, Pound 204**.

As always, keep the fleas at a safe distance.

**Remember: It is an honor to be a Devil Dog!**

### History of the Women Marines

Since 1918, women have answered the call to serve proudly in the United States Marines and the role of women in the Marines has evolved and expanded. All Women Marines can look forward to the future proudly, while never forgetting the women who made this future possible.

In 1918, the Secretary of Navy allowed women to enroll for clerical duty in the Marine Corps. Officially, Opha Mae Johnson is credited as being the first woman Marine. Johnson enrolled for service on August 13, 1918. During that year some 300 women entered the Marine Corps to take over stateside clerical duties from battle-ready Marines, who were needed for duty overseas. The Marine Corps Women's Reserve was established in February 1943. On June 12th, 1948, Congress passed the Women's Armed Services Integration Act and made women a permanent part of the regular Marine Corps.

In 1950, the Women Reserves were mobilized for the Korean War and 2,787 women served proudly.

By the height of the Vietnam War, there were about 2,700 women Marines serving both stateside and overseas. By 1975, the Corps approved the assignment of women to all occupational fields except infantry, artillery, and armor and pilot/air crew. Over 1,000 women Marines were deployed in Operations Desert Shield and Desert Storm during the period of 1990 - 1991.

Women make up 6.2% of the Marine Corps. They are integrated into nearly all of the Corps' Military Occupational Specialties, with the exception of offensive combat. They serve in every country and proudly carry on the traditions of those first trailblazers as they continue to open doors for future women Marines to follow.

# Have You Heard?

by Mac McNeir

**Congressman John Murtha** (D, PA), a retired Marine Corps officer, who became the first Vietnam War combat veteran elected to Congress and later an outspoken and influential critic of the Iraq War, died Monday at Virginia Hospital Center in Arlington, Va. He had been suffering with complications from gallbladder surgery. He was 77.

Murtha was serving as an officer in the Marine Reserves upon his election to Congress in 1974. Deemed 'a person of interest' in an FBI sting operation known as the ABSCAM scandal, ethical questions often shadowed his congressional service. Often immersed in controversy, Murtha wielded considerable clout for two decades as the ranking Democrat on the House sub-committee that oversees Pentagon spending.

For some, he will be remembered most for his seemingly unsubstantiated accusation that on November 19, 2005, eight Marines killed 24 Iraqi civilians in cold blood. Of the eight Marines accused in the Haditha incident, seven have had the charges against them dropped; while, the remaining Marine (SSgt. Wuterich) has yet to be tried.

## LATE BREAKING NEWS...

According to a close friend, the death of Congressman Murtha, was the result of an inadvertent cut of his intestine during laparoscopic surgery, which was performed in January at the National Naval Medical Center in Bethesda, Maryland.

**Representative Robert Brady**, (D, PA), said he was told by Murtha's staff that the small nick incurred during the January 28<sup>th</sup> gallbladder surgery caused an infection. Brady talked with Murtha's wife two days later after complications developed and Congressman Murtha was subsequently hospitalized at Virginia Medical Center in Arlington, Virginia.

## NOTE

This update was based upon an article written by staff writer Lance M. Bacon for the Marine Corps Times, which was posted on February 9, 2010.

# Legislative Report

by Jim Le Gette, Legislative Officer

## General Assembly Update

There are two Bills (**HB 1 & SB 1**) under consideration to increase the maximum amount from \$5,000 to \$10,000 under the 'Subtraction Modification' allowance as applied to **military retirement income**. However, these bills provide for a delayed effective date to taxable years after December 31, 2011. This is a continuing attempt to help the veteran.

Bills **HB 56** and **SB 4** are seeking **authority for eligible veterans organizations to own or operate slot machines**. The Senate bill is for statewide application. There are fewer slot machine bills offered during this year's session as compared to sessions of the General Assembly convened in prior years.

**SB 139** alters or expands the definition of 'disabled veteran' for purposes of a property tax exemption for dwelling houses owned by disabled veterans or their surviving spouses.

**SB 237** seeks an exemption from sales and use tax for veteran's organizations.

## Afghan Geography

Since the Marine Corps presence has been shifted from Iraq and refocused in Afghanistan, I thought that the publication of an appropriate map might provide some geographical insight for our readers.

NOTE – This map appeared in the February 2010 issue of Leatherneck, Magazine of the Marines.

## Courageous Citizen (from page 1)

About 5 minutes later, Jay noticed that one of the "little bastards" – Jay's description – came back and tried to escape with his loot-laden truck. Jay backed out of the adjacent lot and nailed the SUV again with the rear of his loader – putting a nice dent in the front fender of the SUV. The brazen thief bailed out of the SUV and once again took off in the direction of the car dealership on Mountain Road. Jay, who had hoped to trap the thief in the vehicle, again called 9-1-1 to provide an update. This time, Jay waited by the SUV and soon witnessed the police converging on the Mountain Road dealership.

A few minutes later, the police came over to Jay and asked him to identify a suspect that they had just apprehended. After Jay verified that the suspect was indeed one of the thieves, he related the entire chain of events to the attending officers. Since Jay has a way with words, his description of the events had the police rolling with laughter. Prior to leaving the scene, both officers thanked Jay for getting involved and one officer asked to shake his hand. Because of Jay's vigilance and willingness to get involved, all of the merchandise was recovered from the vehicle and one thief was taken into custody.

In Jay's words... *"Guess I did my good deed for that day... they didn't think there would be a Marine on duty!"*

Jay has been a member of our detachment since June 2006. A single-parent, Jay lives in Crofton with his two daughters – **Jayne** (14) and **Jordan** (11). He joined the Corps in June 1987 and was honorably discharged in February 1992 having attained the rank of Corporal. Jay's primary MOS was 3531 (Motor Transport); but he also served as a Marine Security Guard at U.S. Embassies in Muscat, Oman, Vienna, and Austria. Qualified as an Expert with both rifle and pistol, Jay is authorized to wear the Navy Meritorious Unit Commendation (2 awards), Marine Corps Good Conduct Medal, National Defense Service Medal, and the Navy and Marine Corps Overseas Service Ribbon.

We take pride in our detachment and its service to our community. **Now, we can also take pride in the fact that Jay Clark is one of us and that he willingly demonstrated the courage to make a difference!**

(Address Correction Requested)

As most of you are undoubtedly aware, the east coast and more importantly the region in which we live have received record amounts of snow. In fact, here in Baltimore and its surrounding environs, we've just missed the record for snow accumulation in a single storm! However, we are about to break the all-time record, since such records have been maintained. As you can see in this photo – provided by our Canteen Manager, Margaret Ehrlich – the snow pile resulting from the plowing/clearing of the VFW Post 160 parking lot completely obscures the Toys for Tots storage container (pod), which would normally be visible in the left-center background of this photograph. Hopefully the storm we are currently experiencing (February 10, 2010) will soon be over and all of us will be able to dig out and have our routines return to normal. Thanks to Jim Brady and Mike Hadley for being major players in getting the Post re-opened!
