

AEONrv Unveils 2024 Model: Advancing the Future of Off-Road and Overlanding Adventure

Model updates and an expanded mobile customer service program mark a new era for the AEONrv overlanding community.

Reno, Nevada, October 2, 2024 – [AEONrv](#), a leading innovator in the overlanding and recreational vehicle industry, today announced the launch of its updated 2024 model year built on the 2024 Ford Transit AWD 156" wheelbase cutaway chassis. This model delivers enhanced comfort, a modern design, and innovative features, further solidifying AEONrv as an excellent choice for outdoor adventurers.

“The 2024 model represents an exciting update for AEONrv. We’ve listened to customer feedback and improved our offering to deliver our most highly innovative, reliable, and capable RV model yet,” said Jim Ritchie, CEO and Co-Founder of AEONrv. “Our mission remains focused on continually enhancing the off-road and off-grid adventuring experience for our customers.”

Key Features of the 2024 AEONrv:

- **[Nova Kool RFU6406 D Refrigerator](#)**: A new dual compressor/thermostat fridge with a 28% larger capacity and a pull-out freezer, providing better cooling and precise temperature control for both the fridge and freezer compartments.

- **Tern Overland Black Flat Windows**: The new sleek, modern window design enhances both the vehicle's aesthetic appeal and overall durability.
- **Ford Transit 2024 AWD 156" WB**: Built on the latest platform from Ford, offering greater stability, power, and efficiency for off-road adventures.
- **20+ Additional Refinements**: The 2024 model includes over 20 enhancements aimed at improving the driving and living experience, delivering excellent comfort and performance.

Launch of Mobile Support Program

To further enhance customer experience, AEONrv is introducing a new nationwide mobile support program. Customers can now schedule service appointments across the U.S. via email at support@aeonrv.com. AEONrv's dedicated support team will strive to reach customers within 2-4 weeks, with a targeted maximum wait time of 6 weeks. Additionally, immediate phone and email support are available, as well as in-person assistance at the AEONrv factory in Reno, NV. This new program underscores AEONrv's commitment to ensuring customers receive timely, top-tier service wherever they are located.

Continued Growth and Expansion

AEONrv plans to double its manufacturing space from 35,000 sq. ft. to 70,000 sq. ft. to support demand for the new 2024 model year and follow-on 2025 model year next year. To help support this growth—and provide individuals an opportunity to become part-owners of AEONrv for as little as \$100—AEONrv launched an equity crowdfunding campaign on [Wefunder](#) last month, where it has successfully raised over \$500K to date. This funding will fuel future innovations, operational expansion, and customer experience improvements.

Meet AEONrv at Overland Expo East

AEONrv will be attending [Overland Expo East](#), from October 4-6, 2024, in Arlington, VA (Booth T19). While the 2024 AEONrv model will not be on display, the AEONrv team will be available to answer questions and provide guided tours of a previous model year. AEONrv invites all overlanding enthusiasts to visit and learn more about how AEONrv is shaping the future of off-road adventures.

About AEONrv

At AEONrv, our mission is to build and deliver the most innovative RVs and exceptional customer experience using the latest advancements in modern and green technology. AEONrv is the first true all-season, electric cabin, off-road capable, high-tech and modern recreational vehicle. The company was launched in Oct 2021 by two Silicon Valley executives and avid outdoorsmen with nearly 60 years of combined technology and innovation experience.
