- 32" rear facing 30k lumens LED light bar with cab switch
- Optional heavy duty custom front bumper with recovery points, winch, camper body brush guards, roof rack and intercooler skid plate

**Electrical:**

- Efficient 24 volt DC electrical system and batteries
- 8.2kWh self-heating BattleBorn LiFePO4 battery pack, upgradable to 13.6kWh
- 3,000VA 120V AC/24V DC Victron Energy inverter/charger
- Alternator battery charging up to 1.5kW, upgradable to 5.5kW with optional 24V alternator, high idle setting for 2x battery charging while parked
- 700 watt solar panel array with Victron 100/30 MPPT controller
- House battery to vehicle battery trickle charger for starter battery protection
- Remote electrical monitoring and system control from Victron Cerbo GX with touch screen or any mobile device or web browser

**Comfort:**

- Sleeping for 2 adults and 2 children with private 60"x80" queen bed, 6" cool gel foam mattress with AirFlow under pad and 48"x68" convertible dinette bed
- Dinette seats 4 adults with swivelable and adjustable table
- 2 front facing dinette seats with 3 point seat belts mounted to aluminum frame
- Large 4.3 cu. ft. fridge with separate 1 cu. ft. freezer, positive door latch to prevent unwanted door opening, LED lighting with 24V efficient compressor
- Induction cooktop for use inside or out, deep kitchen sink, solid surface countertop, pullout pantry, dedicated garbage/recycle bins
- Frameless European style cabinetry and hardware with modern laminate facing
- Lots of storage, including hers and his clothes wardrobe
- Insulated dual pane acrylic lockable windows with integrated bug screens and privacy shades
- Private bath with inside/outside shower, flip-up sink and 4.75 gal. cassette toilet
- Over bed power skylight for stargazing and roof access
- Dual flow ceiling fan with remote control
- Low power and dimmable LED lighting throughout
- High efficiency 9K BTU mini-split air conditioning with heat pump
- 4K watt ducted air heater with auto high altitude compensation, remote timer control and direct connection to the gas tank
- 66 Gallons fresh water storage with tank level sensors, 24V Shurflo Aqua King II 3 GPM Water Pump, Clearsource two stage 0.2 micron water filtration system
- 8 Gallon hot water heater with dual heating from engine coolant or electric
- 28 Gallon freeze protected exterior gray water tank with remote dump valve
- Lockable insulated sliding door to cab for additional comfort and security
- Heavy duty 3 step aluminum stairs with lockable pin to prevent stair removal
- Over 65 cu. ft. of heated garage space with 40" height for inside bike storage
- Roof access port for installation of WiFi or Cellular booster antennas
- Integrated mobile and iPad app to control all camper systems - coming soon

**Options:**

- Additional 5.4kWh 24V LiFePO4 battery pack - \$4,000
- 2nd 24V alternator, battery charging max 4kW, 2.5kW at low idle - \$3,500
- Air conditioner delete - (\$1,500 credit)
- Solar panels and charge controller delete - (\$1,500 credit)
- Garmin Dash Cam™ Mini, front and rear cameras with parking mode - \$500
- 2 burner induction cooktop, replaces 1 burner - \$150
- Small microwave installed in upper cabinet - \$150
- MoonShade awning, 9'x7', 2 adjustable poles and side attachment points - \$300
- Additional 4.75 gal. cassette toilet tank - \$250
- Composting toilet, replaces cassette style toilet - \$500
- Exterior lockable, folding kitchen work table - \$300
- Removable stair handrail - \$200
- Boot brush for stairs - \$75
- SafeStep slip prevention vinyl barrier for stairs - \$75
- Constant duty air compressor for tire inflating or other gear - \$500
- Lockable black undermount aluminum storage box 60"Lx16"Hx18"D - \$1,750
- Sliding tray for easy bike storage access - TBD \$500 est.
- Transit cab and body color other than Oxford White (Ingot Silver or Avalanche Gray) - TBD \$2k - \$3k est.
- Off-road package with custom heavy duty front bumper with recovery hooks, 12.5K lb. winch, intercooler skid plate - TBD \$3k - \$4k est.
- Camper body ridgeline custom aluminum brush guards - TBD \$1k - \$1.5k est.
- Optional aluminum roof rack, installs to brush guards - TBD \$1k - \$1.5k est
