

## **RV Technician I/II**

Full-time, Hourly

\$20+ per hour plus benefits, bonus, and stock options

Reno, NV USA

<https://aeonrv.com/careers>

AEONrv is seeking an RV Technician to join our manufacturing team where you will help build the AEONrv from start to finish. AEONrv is a start-up manufacturer of the world's first true all-season, electric cabin, off-road capable, new high-tech recreational vehicle. We are seeking a highly motivated, mechanically inclined individual to join our team where they will further develop their knowledge while adding new skills to their toolset.

The RV Technician will follow detailed manufacturing manuals, guides, and procedures to install components and systems using hand and power tools, as well as automated and semi-automated manufacturing aids to build the AEONrv. As a member of our small yet quickly growing manufacturing team, you will work closely with our manufacturing engineers and managers to ensure that the vehicles are built to detailed specifications with a high degree of safety and an eye for world-class quality.

### **Key Areas of Responsibility**

- Build and install all recreational vehicle components and systems to include:
  - fiberglass reinforced panels and pultrusions.
  - electrical wiring and systems including solar panels, batteries, inverters, panels, air conditioning, etc.
  - plumbing systems including sinks, showers, toilets, and water heaters.
  - cabinetry, drawers, hinges, slides, etc.
  - finish items including flooring, countertops, trims, etc.
- Perform work with a high degree of skill and focus on quality and details.
- Consistently work with an eye toward safety and continuous improvement for self and others.
- Keep all work areas clean and tidy throughout the workday.
- Perform other duties and responsibilities as assigned.

### **Critical Competencies**

- Able to follow written and verbal instructions.
- Read and interpret floor plans, layouts and technical diagrams.
- Knowledge of 12/24 volt DC and 120 volt AC systems.
- Mechanically inclined and comfortable using a variety of hand and power tools.
- Self-motivated and reliable with good communication skills and good analytical problem-solving ability.

- Action oriented, self-starter and fast learner with the ability to work both independently and collaboratively in a team setting in accordance with the company culture and values.
- Possess a strong sense of work ethic, personal responsibility and commitment to work outcomes, particularly toward quality and safety.
- Comfortable working in tight quarters and the ability to lift 50+ pounds.
- Have the desire to learn and grow within the organization.

### **Required Education and Experience**

- High School diploma or GED and a minimum of 2 years of relevant work experience.
- Trade or 2-year degree preferred.
- Previous automotive, manufacturing or construction skills are an asset, specialty automotive and/or RV manufacturing experience a bonus.
- Electrical or plumbing/HVAC certification a bonus.
- Must have a valid driver's license.

### **Benefits**

- Health insurance
- 401k plan
- Paid time off
- Paid holidays
