

www.moe-cleaner.com

*Moe-Cleaner's machines are
Made From Aircraft Aluminum
Using High graded Steel Chains
Steel Heat treated Gears
Stainless steel Springs and hardware
Higher or lower temperture will not
impact the production quality*

Our competitor's machines

*Are made from Plastic and
Using Nylon Gears System*

*Plastic machine and Nylon Gears
Will impact the production quality
of cleaning during higher and
lower temperature
And it doesn't last long*
