The hotel will give each guest **(2) \$10 meal vouchers** for the restaurants that are nearby and **(1) complimentary drink coupon**. The **meal vouchers** can be used on any meal. Guest pays the difference.

As per Amanda at the Oneida Hotel: Guests will probably want to use their **vouchers on dinner or a snack item before leaving**. The vouchers can be used in **Cedar & Sage, Sky World** (which is their coffee and grab and go items outlet), and/or the **Noodle Bar** (which is located in the casino). If the meal is over the \$10 voucher amount, the guest would pay the difference.

Every guest will receive a **complimentary breakfast** which is served in the **Cedar & Sage Restaurant**. Monday -Friday complimentary breakfast is a plated meal that guests choose off of the breakfast menu. The restaurant will sometimes offer a buffet if hotel occupancy is high. Breakfast is served from 6:30am-10am (we are departing 8:00/8:15am). Guests will receive a coupon they will present to the server and then choose a breakfast entrée off of the menu.

Please pay all balances due after voucher is applied to your total at time of purchase. **DO NOT** charge any amounts to your hotel room. If you do, they **MUST** be paid by you before checking out.

Personally, I encourage you to visit each of the restaurant websites and take a look at their menu **BEFORE** you leave on the trip, if possible. Having seen what each restaurant has to offer and the prices, I already know where I plan to eat for dinner.

When I first saw the name “Noodles,” I assumed it would not be a good choice for someone who needs gluten-free. In reviewing the menu, I was pleasantly surprised by the Asian offerings and the prices. The \$10 vouchers will go farther at Noodles than Cedar & Sage Grill House for our dinner on **Day 1**. The prices at Cedar & Sage Grill House are considerably higher than Noodles.
