The hotel will give each guest **(2) \$10 meal vouchers** for the restaurants that are nearby and **(1) complimentary drink coupon**. The **meal vouchers** can be used on any meal. Guest pays the difference. PLEASE DO NOT charge it to your room!

As per Amanda at the Oneida Hotel: Guests will probably want to use their **vouchers on dinner OR a snack item before leaving**. The vouchers can be used in **Cedar & Sage, Sky World** (which is their coffee and grab and go items outlet), and/or the **Noodle Bar** (which is located in the casino). If the meal is over the \$10 voucher amount, the guest will pay the difference. Again, please DO NOT charge the difference to your room.

Every guest will receive a **complimentary breakfast** (coupon) which is served in the **Cedar & Sage Restaurant**. Monday -Friday complimentary breakfast is a **plated meal** that guests choose off of the breakfast menu. The restaurant will sometimes offer a buffet if the hotel occupancy is high.

Breakfast is served from 6:30am-10am (we are loading the bus at 8:00 AM and departing for Holy Hill 8:15/8:30 AM). Guests will receive a coupon they will present to the server and then choose a breakfast entrée off of the menu. If the meal total is over the amount of the voucher, you will pay the difference at the time of purchase.

Please pay all balances due after voucher is applied to your total at time of purchase. DO NOT charge any amounts to your hotel room. If you do, they **MUST** be paid by you before checking out.

Personally, I encourage you to visit each of the restaurant websites and take a look at their menus **BEFORE** you leave on the trip, if possible. Having seen what each restaurant has to offer and the prices, I already know where I plan to eat for dinner.

When I first saw the name “Noodles,” I assumed it would not be a good choice for someone who needs gluten-free. In reviewing the menu, I was pleasantly surprised by the Asian offerings and the prices. The \$10 vouchers will go farther at Noodles than Cedar & Sage Grill House for my dinner on **Day 1**. The prices at Cedar & Sage Grill House are considerably higher than Noodles.

ALL restaurants and menus can be accessed through the hotel website.
