Hello Mom,

Life can be very hard to navigate sometimes, especially when you're going it alone. But you don't have to. There are other women that are experiencing the same frustrations and disappointments and discouragement you're feeling.

So, let's help each other!

"As iron sharpens iron, so one person sharpens the wits of another." Prov. 27:17

We are BMA (Baby Momma Association, Inc.). Our mission is to empower women to be their best and do their best for themselves and their families. "There is a better way."

The best advice comes from those that have been there. That's who we are. We learn together, we cry together, we laugh together, we overcome together. We encourage each other, we help each other, we learn from each other, and we grow with each other. If you need that kind of support, then you need us, and we need you.

Come and see.

Team BMA

Baby Momma Association, Inc. is a faith-based and community-based organization established in 2017 under the leadership of Faye R. Williams, Executive Director and Founder.

Our mission is to identify women in our community that have a desire to live a better quality of life. Our motto is “Iron Sharpens Iron”.

We provide a safe and supportive community as women take the necessary steps to realize their dreams.

Our organization serves women primarily between the ages of 16 and 24 in the Central New York area. We offer them opportunities to learn basic life skills, homemaking skills and social skills, as well as expose them to information, resources and opportunities to advance them towards a better quality of life.

Journey to a Better Life Boot Camp

Our signature program is “**Journey to a Better Life Boot Camp**”. It is a six-month certificated program where the true women are brought to light. We will spend a total of 30 hours together. For six months women will learn new skills, connect with resources directly related to their life goals, become educated in proper financial health, physical health, emotional health and spiritual health.

Instructional classes include:

- **Computer literacy**
- **Sewing**
- **Cooking**
- **Financial literacy**
- **Healthy living**
- **Small Business Mentoring (In partnership with S.C.O.R.E.) score.org**

Our organization is still in the developmental stages, and we are in the process of planning even more programs that will help foster confidence and personal growth in women of all ages. You tell us what you need, and we will offer the support to bring you to it.

What is any program without adding a little fun to the equation?

Our enrichment outings and art and recreation events give the women time to relax, reflect and renew. Paint night is our favorite. It's a time of fun and laughter and no pressure to be anyone but yourself. You may even discover an ability you didn't even know you had!

Graduation Day!

Class of 2018

Class of 2023

OUR FUTURE ONLINE PROGRAMS & CLASSES:

- **Women-Owned Business Library**
- **Cooperative Child Care**
- **Scholarships for Stay-at-home Moms**
- **For Parents Only**
- **Raising Today's Children**
(a different breed indeed)

**“As iron sharpens iron,
so one person sharpens
the wits of another.”**

Proverbs 27:17
