Gold Cycle – Healy Editions: Gold, HHH, HHH+, HR

**Pure** - The Pure program is the ideal starting point for anyone using Healy for the first time. It should help the energy field of the organism to recover from the bioenergetic effect of environmental pollutants, toxins, an unhealthy diet, and other negative factors.

**Care** - We see a weakened bioenergetic field as a reason for many acute and chronic diseases. Strengthen your energy field through appropriate exercise, healthy nutrition, and pure water. Care means “caring”; in other words, preventing a multitude of bioenergetic disorders.

**Balance** - The fine balance of the various bodily functions is very important for our well-being and health. Balance refers to the bioenergetic balance of the kidneys, circulation, lymphatic system and hormones. It is an ideal program for a deep bioenergetic balancing of the body’s energy field.

**Being** - What the program Balance is for the body, Being is for our soul. It should help you regain emotional balance.

**Energy** - Performance needs support. No matter whether you are a well-trained competitive athlete, a stressed-out manager or a busy mother, Energy should help you to bio energetically deal with health problems.

**Relax** - Relax stands for a relaxing anti-stress effect. Stress is often the cause of hyperacidity and imbalances in the body. According to our understanding, many diseases are caused by continuous stress. Modern life keeps many of us from letting go of our daily sorrows and stress, an endeavor that we think is vital for achieving recovery.

**Release** - There are many different causes of pain. For example, pain can be a symptom of hyperacidity of the tissue. As an alternative or in addition to the classic pain applications in Healy you can use the Nuno Nina Gold Cycle Release program. In this program, you work systemically in the bioenergetic field of the body, no matter where the pain is located in the body.

**Choose Free Program Page** – When you order, a Healy Gold Edition choose one Program Page which is freely included, that best suits your needs. You can also purchase other program pages as needed or upgrade to a different Healy Edition.
Healy App (pink dot) - Use connect/transmit method per program page or manual. ‘Local’ and/or ‘Acute’ – USA: Use electrode pads per program page. (NonUSA Cranial) - use ear clip electrodes or placement on mastoid bone behind ear. ‘Syst’ = Systemic - Use wrist strap electrodes, sticky pad electrodes or run without electrodes in your personal ‘cloud’ space.

********** Free Included Programs **********

Bioenergetic Support – Healy Editions: Gold, HHH, HHH+, HR
Bioenergetic Boost - Free program created to provide support for issues related to current 2020 world events.
Deep Cycle – Healy Editions: Gold, HHH, HHH+, HR
Here is a short description of the Deep Cycle programs. The programs offer many more possibilities on an energetic level. According to Jan Fredrik Poleszynski’s experience, clients go through certain cycles during applications. There are daily, weekly and monthly cycles as well as the classic application cycles like energetic detoxification, support of key organ systems, and working with the energetic root cause. It can, therefore, be very helpful to find out in which “cycle” you currently are, so that you can select the appropriate program.

First Application - At the first application, to establish a connection and to get a feeling for the frequency application, the kidneys and lungs should be energetically stimulated, hypersensitivity can be reduced and balance should increase. Feel good and be touched.

Second Application - At the second application, unless the first application was too intensive. The kidneys and lungs should be energetically stimulated, hypersensitivity should be reduced and balance should continue to increase.

Third Application - As soon as you’re ready for a more intensive application. Kidneys, lungs, heart and accelerated energetic detoxification.

Breath of life - There are energetic issues associated with the lungs and its surrounding organs, including breast and surrounding tissue, along with feelings related to weakness and depression. Lungs and all energetic afflictions in the surrounding area related things.

Clean all - Appropriate for follow up after detoxification as an energetic support for all detoxification pathways. It is advisable to include this program in a sequence of applications, as any release on any level of the system often causes a need for detoxification. To release old toxins from the energetic body and mind. Complete energetic detoxification of various systems, such as kidneys, lungs, liver, digestive system, lymph, and circulation system.

Digest all - Recommendable with digestive issues that block further progress (e.g., if stomach issues continue even after the stress is reduced and the kidneys work well). For this program, the adhesive electrodes can be used as an alternative to bracelet electrodes. They should be placed at the level of the ankle on the front side of the foot acupuncture point ST 42. Intestines, stomach, pancreas, gallbladder.

Go to the roots - Only use when the symptoms have subsided and the recovery process has begun. All essential bodily functions should work normally. The energetic causes on the mental level, emotional patterns and biochemical processes associated with these levels will now be addressed. This program is suitable as the conclusion of a series of applications.
**Free flow** - To energetically support the circulation and the supply of oxygen to the cells. Even an irregular and unsteady heartbeat can be energetically supported by this protocol. It is suitable for use after basic kidney and lung balancing, as well as for general energetic stiffness and circulatory blockages. In addition to supporting the heart and circulation, it can bio energetically promote muscle relaxation.

**Kidney all-female & Kidney all-male** - Hering’s law states that: “All improvement occurs from within out, from the head down, and in the reverse order in which the symptoms have appeared.”

When it is necessary to energetically support kidneys or kidney energy and promote their ability to regulate (electrolytes, pH and the like), or for any symptom that originates from the “superior organ” and manifests itself in the “subordinate organ”, such as energetic problems with the bladder, urinary system, ovaries, and vagina, menstruation with women or prostate and impotence with men. This program aims to bio energetically support the kidneys and the sexual organs for men and women. The acupuncture point K5 to K6 (below the ankle on the inside of the foot) is suitable for electrode placement. K5 to K6 (or SP6) is close to the tibial nerve, which can also be indirectly stimulated.

Kidney, adrenals, bladder, urinary system, ovaries, genitals, prostate and related bioenergetic problems.

**Pure Calm** - It should contribute to inner peace, emotional and spiritual balance. Energetic muscle relaxation. The other parts of the program are intended to support the non-physical aspects of life.

**Renewal** - In case of injuries or after operations, if an energetic regeneration is desired. It should energetically stimulate bone growth. Also suitable for athletes. Bones, skin, tendons, vessels, nerves, muscles and DNA.
