Dear Madam and Sirs,

Re: Press Release of the International Youth ArchiDesign 2021

In light of the great feedback and response from all of our friends of My ArchiSchool, our students and lovely parents, the Youth ArchiDesign 2021 (Spring Chapter) will be launched NOW!

It will be combined with the Prize-giving Ceremony of 2020 which has been postponed due to the current pandemic situation of another round as announced by HK SAR Government.

Date of event: 4<sup>th</sup>-April 2021 (Sunday)

Time : 11:00am – 5:00pm for Symposium & Exhibition  
6:00pm – 9:30 pm for Prize-giving ceremony and celebrating dinner

Please kindly find the proposed rundown as attached for your perusal!

If you have any questions or enquiries, please don't hesitate to contact us at (852) 96131137, or email [info@myarchischool.org](mailto:info@myarchischool.org) or directly to me at 92115231. Thanks so much for your support of architectural design & education! Stay safe and we will get this through together!

Best regard,  
For and on behalf of My ArchiSchool

## The International Youth ArchiDesign 2021 - Symposium and Exhibition

Theme of Year 2021 :

Spring Chapter : The Beauty of Building Material – WOOD

Autumn Chapter : The Beauty of Building Material – GLASS

This event features the annual Architectural Design Exhibition and Prize-giving ceremony for “My ArchiDesign 2021” organized by My ArchiSchool (HK) Limited, who is committed to promote the architectural and environmental education for the young ones of 6-18 years old. From paper models to digital models, from hand sketches to photomontage artworks. We provide the best and the cutting-edge technology support for the young ones in order to facilitate them to develop their full potential of creativity!

We have our honor to have one of the very expertise of Building Material in Hong Kong :

Mr. Ricky C O Fung

馮志安

Purchasing Director

Sun Hung Kai Properties Group

FInstLM MCGI (UK)

As our Special Professional Judge on this art and science of Building Material to join our Youth ArchiDesign Judging Committee starting 2021!

More sharing sessions on the day will cover:

- architectural educations and nourishment including modeling, sketching, digital design,
- latest development of design and architectural heritages,
- UK and European Universities will be briefed by ITS Education Asia and Panoba UK
- On-the-spot Sketch or Model Competition with the theme “The Beauty of Beauty of Building Material” by using wood and glass (modeled with acrylic) with their brilliant ideas.

2020 is a very spectacular year. In the midst of Covid-19, we are facing the unknown challenges.

We tried to cheer up all the young ones who got their online classes at home by creating a design competition! As all our students are able to design with BOTH physical models and digital models, the competition has turned out to be their energy to keep moving on, walking through the darkest time in the century.

You would see the colors in these design projects of our young ones containing the craziness of the forms and spaces which were extraordinary. They were our hopes, showing our way forward in the time of despair.
