## DAY 2: GORILLA TREKKING IN BWINDI IMPENETRABLE FOREST

After an early breakfast, head to the park office at 08:00am for briefing. Thereafter, walk into the depth of the jungle for what is arguably one of the most unique wilderness experiences. Walk down the narrow forest paths and make your way through thick undergrowth with the bird sounds in the background as you search for the gorilla families.

Trekking can take between 2-6 hours. However, once found the experience of watching these incredible primates in their natural habitat is well worth every ounce of energy expended on the tiring forest trails. It is most advisable for trekkers to be in good physical condition before embarking on the trails.

Get in close proximity with the gorillas as you watch the gorillas eat, groom and play. Return to the lodge or transfer to lake Mutanda for the night.
