DAY 2: GORILLA TREKKING IN BWINDI IMPENETRABLE FOREST

After an early breakfast, head to the park office at 08:00am for briefing. Thereafter, the rangers will walk you down the narrow forest paths through thick undergrowth, with the bird sounds in the background as you search for the gorilla families.

Trekking can take between 2-6 hours. However, once found the experience of watching these incredible primates in their natural habitat is well worth every ounce of energy expended on the tiring forest trails. It is most advisable for trekkers to be in good physical condition before embarking on the trails.

Get in close proximity with the gorillas as you quietly observe these pacific primates in their natural habitat. Watch the Gorillas eat, groom and play. After spending an hour with the mountain gorillas, we'll break for a picnic lunch in the forest.
