Race Regs									05/11/2025
Practice									
Open practice will start at 7 pm. Practice will be a Meetup with limited penalties, collisions on, and fuel and tire wear on. Please respect others and do not sit on the track. If you intend to take a break, pull off the track, pull into the pits, or back out of the session. Practice for the KoCW series will be open to any class car and ghosted to allow drivers to practice all three classes if they choose. Practice for these races will be extended until 8 pm to allow ample prep for all cars.									
Qualifying									
Qualifying for Road Courses will start at 7:45. Qualifying will be ghosted, no penalties, fuel and tire wear on. The session will consist of 4 laps, with all cars at once. It is up to you to find space if you need it. Points will be awarded for the top 5 qualifiers. 5 points for pole, and 1 less for each subsequent finisher down to 1 point for 5th. We will only run 1 qualifier for race 1. Races two and three will have their grids set by the fastest lap from the previous race. Points will be awarded accordingly.									
Qualifying for Ovals will begin at 7:45. Ovals will qualify with a Hero Lap. Each driver will stop at pit entry, wait for their turn, enter and drive thru the pits, exit the pits and hurry up to speed. At the starting line, you will take the green flag and begin your one and only solo Hero Lap. As each driver takes the green flag, they will announce for the next driver up to enter the pits to begin their cycle. For short tracks, an extra lap may be added. There should be a driver on a flyer, and a driver on an out lap, or in lap, at all times. Points will be awarded for the top 5 qualifiers. 5 points for pole, and 1 less for each subsequent finisher down to 1 point for 5th.									
Grids									
The field will be inverted for ALL races. Sandbagging will be detected and penalized 5 points, for the first infraction, 10 points for the second and DQ'd after that. It's about sportsmanship. Please give 100% at all times.									
Races									
Road Course races will consist of three (3) (approx.) 20 minute +1 lap races , no penalties, fuel and tire wear (Nx tire wear, TBD). Pit stops will be organic, as needed. Tire choice and fuel load is optional. Points will be awarded to the top 10 finishers. 10 points for first, with 1 less for each subsequent finisher down to 1 point for 10th place. Gentleman's rules are in effect.									
Ovals will consist of one 150 mile race, no penalties, fuel and tire wear (Nx tire wear, TBD). Races will use parade laps and rolling starts. All restarts will be double file. Two competition cautions will be thrown at prescribed intervals. Points will be awarded to the top 3 stage finishers (3 for 1st, 2 for 2nd, and 1 for 3rd.) Stages will end with a race to the pits. However, any driver skipping, or missing the pits, will take the caution flag and must maintain caution speed, regardless of intent to pit. If the driver chooses to pit at the end of the caution, the race will be restarted and that driver will suffer the consequences. Drivers may choose any tire compound and may change tires any time. There will be no Forza penalties. Gentleman's rules are in effect.									
Endurance race distances will vary, based on race lengths, (45 minutes up to 2 hours), with limited penalties, fuel and tire wear (1.0x tire wear). Races will use rolling starts, no cautions. Pit stops will be organic as needed. Tire choice is up to the driver. Gentleman's rules remain in effect. Keep in mind, these replays cannot be saved. Any incident occurring during the race, must be owned by the offending driver. In the event of a dispute, it's up to you to supply your own evidence for review. Otherwise, work it out in race amongst yourselves, peacefully.
