WHAT'S BUZZING AT NCS KARANJA?

The New Academic Session Begins

Beginning makes a lot of difference.

Always keep your beginning focused, optimistic and full of dedication. Another fresh year at school is a chance to begin your life fresh, with new goals and new challenges.

Best of luck to all the students.

Welcome Orientation

April 03/04

Orientation session were conducted for classes I to X to welcome all our students and to share information regarding school activities, rules and regulations for AY 2023-24. We hope that you felt welcomed and understood the schools expectations during the orientation.

Message from Head Mistress:-

Our First Newsletter! NCS KARANJA TIMES. This milestone on our recently begun Journey establishes another channel of communication to strengthen the tripartite partnership among school, students and their families. As I have shared earlier, we at NCS KARANJA TIMES believe that the 'Learning' which is initiated in school becomes knowledge only when it is practiced in real life situations. This is possible only if you as family and friends of our students know and understand what we are doing in at school so that you take advantage of myriad opportunities that come in your way each day.

Dear Students.

We hope this newsletter finds you well and filled with enthusiasm for the session 2023-24. As the editorial team, we are excited to witness your growth and accomplishments throughout this school year. We are here to support you, inspire you, and share your stories. Let's make this year one to remember, as we collectively embark on a journey of learning, discovery, and personal transformation. With heartfelt wishes for a remarkable and fulfilling academic year,

The Editorial Team

Attention all students! We are thrilled to announce that the much-anticipated commencement of the 11th-grade science stream. As we embark on this new academic journey, we extend a warm welcome to all aspiring scientists, doctors, mathematicians, and future engineers. This stream offers a plethora of exciting subjects such as physics, chemistry, biology, mathematics, computer science and physical science.

April news

School activities are an important part of the learning experience and can provide students with valuable opportunities for personal growth, social interaction, and skill development.

The special assembly could feature collaborations between different artistic disciplines, such as dance combined with music, theater, or visual arts.

Students of NCS Karanja have participated in many special assemblies in the month of April such as Easter Sunday and world Homeopathic day, Ambedkar Jayanti, World Heritage day, Earth Day, Malaria Day, World Health and safety day and International dance day. These interdisciplinary performances can showcase the synergy between various art forms.

May news
