Mechanical	6730*	VD	IRL	Merch Int Relock
Amsec	ESL 5	VD	C3	Snubber Bar
Amsec	ESL 10	VD	C2	Push Bolt Back
Any		VD	LB	Punch Lock Bolt
Amsec	Relock	VD	RL	Std Relocker (2)

Amsec - ARL - Active Hard Plate Relocker bypass.

If the Active Hard Plate was pressured enough to set the 'Roll Pins' the following will need to be done to remove the 'Roll Pins' in order for the lock bar to open. Drill 1/4' diameter hole through the door and into the roll pin. The goal is to sever the roll pin and allow opening the bolt work. (Three holes required, 3 roll pins)

6730\* - used as an example.
